The Compaq Armada 1500 Series

The Compaq Armada 1500 Series adds another model to its already economical and fully integrated family. The new Armada 1573DM model features 233 MHz Intel Pentium® processor with MMX™ technology, a 3.2 GB hard drive, a 12.1" CSTN display and a 20X Max¹ CD-ROM. All Armada 1500 Series include an integrated CD-ROM, Modem, Hard Drive, and A/C adapter providing the perfect all-in-one solution.

What's New?

- 233 MHz Pentium® processor with MMX™ technology on the Armada 1573DM with a 12.1" fast response CSTN display

The Compaq Advantage

- Latest in processor technology with up to 266 MHz Intel Pentium processor with MMX technology aids business users with labour intensive applications
- Simultaneous access to integrated CD, hard drive and diskette drive
- Integrated communications for instant, easy access to the office and the Internet
- Integrated AC adapter for convenient traveling with a single power cord
- Intelligent Manageability lowers the total cost of ownership with:
 - Asset Management
 - Security Management
 - Fault Management
- DualBay design supports two batteries or a single battery with diskette drive
- Dual chemistry technology provides support for both NiMH and Li-Ion batteries
- Software support for Windows 95®, Windows 4.0, Windows 3.1, 3.11, Windows NT 3.51 and DOS 6.22
- USB port (model dependent)

Customer Profile

- Task-oriented users that need mobile computing solutions with the core functionality required for business
- Business owners and managers wanting to maximize resources and productivity with a single, integrated portable solution
- Large corporations needing to meet a spectrum of user needs while maximizing their price/performance

Key Features

- 166 - 266 MHz Pentium processors with MMX technology
- 16 - 32 MB EDO RAM standard; expandable to 80 - 96 MB
- 2.1 GB to 4 GB SMART hard drives
- 64-bit local bus graphics with 2 MB EDO DRAM
- Large, bright, colour screens: 12.1" fast response CSTN, 12.1" CTFT (800 x 600) and 13.3" CTFT (1024 x 768)
- Dual Scan displays boasting new high contrast and fast response technology for greater viewing angles and brightness
- Integrated 20X Max¹ CD-ROM
- Integrated K56flex² modem (33.6 on Armada 1590DMT)
- Integrated AC Adapter
- Up to two Li-Ion or NiMH batteries supported
- DualBay 1.44 MB diskette drive

Key Features (cont'd)

- DualBay design for easy exchange of diskette drive and second battery
- Two type II or one type III 32-bit CardBus slots with zoomed video support
- Integrated, 16-bit Compaq PremierSound™ Audio
- Infrared IrDA 4 Mbps compliant
- Convenient touchpad pointing device
- Added security with Cable Lock provision, Set-up and Power-on password
- Convenience Base options, with or without Ethernet, provides easy desktop cable management; monitor stand included
- Weights 7.4 - 8 lbs.; Dimensions: 9.6" x 12.2" x 2.1"
- One-year worldwide limited warranty³; upgradable to three years

¹20X Max CD-ROM data transfer rates may vary from 1275 KB/s to 3000 KB/s. ²The K56flex protocol is designed only to allow faster downloads from K56flex compliant digital sources. Maximum achievable download transmission rates are currently unknown, may not reach 56Kbps, and will vary with line conditions. Your modem may only download at up to 33.6 Kbps until a free software upgrade to achieve K56flex compatibility is available. ³Certain restrictions and exclusions apply. Call the Compaq Customer Support Center at 1-800-345-1518 for details. Contact the Compaq Customer Support Line at 1-800-345-1518 for more information. Speakerphone support in Windows 95 only. Upgrades available.
