COMPAQ ARMADA 7700

POWERFUL DESKTOP PERFORMANCE
WITH INTEGRATED MOBILE CONVENIENCE

Flagship performance notebooks

Fully integrated, modular design
to reduce your cost of ownership

Innovative desktop functionality
& expansion

COMPAQ

COMPAQ ARMADA 7700

Flagship performance for the power user, lower cost of ownership for your business

Compaq's flagship performance notebook PCs are ideal for users who demand uncompromised desktop functionality and integrated mobile convenience.

Compaq Armada 7700 Series Notebooks offer up to a 166-MHz Intel Pentium® processor with MMX™ technology, 2.1-GB S.M.A.R.T Hard Disk Drive, 32-MB of memory, industry-leading 64-bit local graphics bus, PremierSound and a Li-Ion battery. Their modular MultiBay design supports the diskette drive or a CD-ROM drive, extra hard disk or extra battery. To keep you in touch on the move, there's an integrated 33.6-Kbps modem with a choice of advanced telephony features.

To enhance your capabilities at the desktop, Compaq offers an innovative range of expansion solutions. To simplify notebook management and reduce cost of ownership, these notebooks also include Compaq Intelligent Manageability software providing asset, fault and security management capabilities.

For uncompromised desktop functionality and integrated mobile convenience, choose the Armada 7700 Series.

BENEFITS AT A GLANCE

● *Ultimate performance & expandability*

  Equipped with the capabilities of a high performance desktop PC, Armada 7700 Series Notebooks have an Intel Pentium processor with MMX™ technology, vast storage capacity, memory expansion up to 144-MB and multimedia capabilities including CD-ROM support and industry-leading graphics and audio.

● *Fully integrated, modular design*

  All models include an integrated 33.6-Kbps modem, integrated AC Adaptor and the latest technologies. The modular design provides a MultiBay device bay for a diskette drive or optional CD-ROM drive, second hard disk or second battery — you can interchange these devices whenever you wish and use them in the notebook's expansion base.

● *Innovative desktop functionality*

  Dock into the ArmadaStation desktop expansion base for the slots, bays, network connectivity and asset security of a desktop PC. With a TowerStand, the base and notebook can be towered beside or beneath your desk.

ARMADA 7700 SERIES NOTEBOOKS ARE THE HIGHEST PERFORMING MODELS IN COMPAQ'S FULL RANGE OF PORTABLE COMPUTING PRODUCTS.

ARMADA 7700

**LTE 5000**

ARMADA 4100

ARMADA 1500

30.7 cm (12.1") colour TFT display; 64-bit local graphics bus; 2-MB EDO Video DRAM; S3 Dual Display Video Controller

Three year worldwide warranty

16-bit Compaq PremierSound; integrated speakers

4-Mbps IR (IrDA compliant)

MS Windows 95 or MS Windows NT Workstation 4.0; support for MS Windows 3.1

PC Card Slots, 2 Type II/1 Type III; 16 & 32-bit CardBus; Zoomed Video and Soft MPEG support

Two memory slots; expansion up to 144-MB

Intel Pentium processor with MMX™ technology

Integrated AC Adaptor

MultiBay accepts CD-ROM, diskette, hard disk or battery

Integrated 33.6-Kbps modem

Li-Ion battery with Compaq QuickCheck (dual battery support)

Integrated microphone

Compaq Intelligent Manageability

Up to 2.1-GB Hard Disk Drive

BROAD RANGE OF EXPANSION OPTIONS

- ArmadaStation for full desktop expansion with comprehensive security features. Includes two MultiBay convertible half-height bays, two PCI/ISA expansion slots, two CardBus slots, 100BaseT upgradeable Ethernet connectivity and a TowerStand option. Designed to accommodate future Compaq Notebooks.

- Armada MiniStation E and EX — a cost-effective alternative to full desktop expansion providing upgradeable Ethernet connectivity. The MiniStation EX also includes a MultiBay, battery bay and two CardBus slots.

- MultiBay devices (1.6-GB and 3.2-GB S.M.A.R.T hard disks, CD-ROM drive and Li-Ion battery) for use in notebook and expansion base MultiBays.

- 8, 16, 32 and 64-MB EDO DRAM to expand memory up to 144-MB.

- Compaq LS-120 (120-MB) Diskette Drive and PowerDrive (PDCD) for use with the ArmadaStation.

Dock your notebook in the attractive ArmadaStation for full desktop expansion and asset security.

Compaq Armada 7700 Series. Which model is right for you?

Model	Processor & L2 cache memory	EDO RAM (expandable to)	Drives	Display	Modem
Armada 7710	150-MHz Intel Pentium with MMX™ technology; 256-KB L2	16-MB (144-MB)	1.6-GB HDD; 1.44-MB Diskette Drive	30.7 cm (12.1") Colour TFT 8x6	Integrated modem
Armada 7730	166-MHz Intel Pentium with MMX™ technology; 256-KB L2	32-MB (144-MB)	2.1-GB HDD; 1.44-MB Diskette Drive	30.7 cm (12.1") Colour TFT 8x6	Integrated modem
Armada 7750	166-MHz Intel Pentium with MMX™ technology; 256-KB L2	32-MB (144-MB)	2.1-GB HDD; 1.44-MB Diskette Drive	30.7 cm (12.1") Colour TFT 10x7	Integrated modem

Notes:
Standard L2 cache: 256-KB L2 write-back synchronous cache memory
Hard disks: All hard disk drives are S.M.A.R.T (Drive Fault Protection) and are user upgradeable
Colour TFT 8x6 displays: 64-bit local graphics bus; S3 Dual Display Video Controller; 64K colours @ 800 x 600 internally; 256 colours @ 1024 x 768 externally; 85-Hz refresh rate for external monitor @ 1024 x 768, 800 x 600 & 640 x 480 (external device limited to 60-Hz in dual display mode); 2-MB of EDO Video DRAM; Zoomed Video & Soft MPEG support; MVA
Colour TFT 10x7 display: 64-bit local graphics bus; S3 Dual Display Video Controller; 64K colours @ 1024 x 768 internally; 256 colours @ 1024 x 768 externally (256 colours max in dual display mode); 85-Hz refresh rate for external monitor @ 1024 x 768 (some limitations in functionality at 85-Hz @ 1024 x 768), 800 x 600 & 640 x 480; 2-MB of EDO Video DRAM; Zoomed Video & Soft MPEG support; MVA
Modem: Integrated modem includes Just Connect software supporting 33.6/14.4 data/fax capabilities & advanced telephony features (with MS Windows 95) or Trio Communications software supporting 33.6/14.4 data/fax capabilities (with MS Windows NT Workstation 4.0)
All models configured with: MultiBay supporting modular diskette drive (supplied as standard), CD-ROM drive, second hard disk drive or second battery; integrated LED Status Indicators; Li-Ion Battery; integrated AC Adaptor; folio case

All models feature:

Dimensions (WxHxD):	24.2 cm x 5 cm x 32 cm (9.53" x 1.98" x 12.6")
Weight:	3.72 kg (8.2 lb) with integrated AC Adaptor
Keyboard:	Full-size keyboard; 4 user programmable keys
Pointing Device:	EasyPoint III
Security:	Multiple password protection includes Setup Password, Power-on Password, Administrator Password and more. Also Kensington Lock; security screws for memory door, hard disk drive & MultiBay
Power Management:	Typical battery life depends on usage & configuration; supports up to 2 Li-Ion batteries simultaneously; Li-Ion battery provides 2 to 3 hours continuous battery life. Power conservation: Forced & Fail Safe Hibernation; pop-up Battery Gauge (per installed battery); Advanced Power Management; EPA Energy Star compliant
Audio:	16-bit Compaq PremierSound (SoundBlaster Pro compatible); integrated dual speakers; integrated microphone; volume control & mute buttons
Integrated Communications:	Integrated modem with choice of software. With MS Windows 95: Just Connect software supporting 33.6/14.4 data/fax capabilities & advanced telephony features (full-duplex Speakerphone & Telephone Answering Machine functionality, digital simultaneous voice & data (DSVD) capabilities & switched voice & data (VoiceView) capabilities. With MS Windows NT Workstation 4.0: Trio Communications software supporting 33.6/14.4 data/fax capabilities
Intelligent Manageability:	AssetControl: to efficiently inventory & monitor PC hardware assets; Fault Management: to minimise downtime or data loss from hardware failures; Security Management: to protect critical data from unauthorised access. See the Compaq Management Solution brochure for details
PC Card Support:	2 Type II or 1 Type III PC Card slots supporting 16 & 32-bit CardBus (PCMCIA standard); Zoomed Video
Standard Interfaces:	Enhanced Parallel; Serial; Video; Mouse/Keyboard/Keypad; 4-Mbps Fast Infrared (IrDA compliant); Audio out & headphone; Microphone; AC power; ArmadaStation & MiniStation Expansion Base interface
Software:	OS choice of MS Windows 95 or MS Windows NT Workstation 4.0; MS Windows 3.1 support; Just Connect telephony software (for MS Windows 95); Trio Communications data/fax software (for MS Windows NT Workstation 4.0); MS Internet Browser; data/fax utility; video software; Mediamatix MPEG solution; Compaq Intelligent Manageability, security & power management software; Compaq PremierSound; 4-Mbps file transfer software; online documentation; PC Card support
Optional Products:	ArmadaStation (with optional TowerStand); Armada MiniStation E & EX (with 100BaseT upgradeable Ethernet); MultiBay 8X CD-ROM Drive, 1.6-GB & 3.2-GB Hard Disk Drives & Li-Ion battery; EDO DRAM (compatible with other Compaq Notebooks); LS-120 Diskette Drive; PowerDrive; MPEG PC Card; full range of carrying cases & many other options
Armada 7700 Series Warranty*:	Three year parts and labour warranty; worldwide
Service & Support:	Compaq Authorised Service Providers are trained & supported by Compaq (for a list of local service providers, contact your local CompaqCare Centre). Telephone support from Compaq Authorised Service Providers or CompaqCare Centre
	* Compaq warranty terms may differ for other products and options.
