

QUICKSPECS

Compaq C-Series

Overview

AT A GLANCE

- Provides the fastest, easiest and most secure method of accessing information away from the desk
- High speed MIPS based RISC processor eliminates waiting between applications.
- Microsoft Windows CE Handheld PC Professional Edition (2010C) or Microsoft Windows CE 2.0 (810) operating system for instant familiarity
- Built-in applications include pocket versions of Microsoft Word, Excel and PowerPoint, plus many other software titles.
- Integrated 33.6 Kb/s modem provides quick access to e-mail, your PC or the Internet.
- Integrated RJ-11 port for connection to most popular phone systems
- 8- or 20-MB standard EDO DRAM, expandable up to 20 or 32 MB
- 16-MB ROM
- Choice of monochrome or color backlit, touch-sensitive displays supporting 640 x 240 resolution
- PC Card Type II support of selected PC Card options
- Comfortable keyboard and stylus for easy data input and navigation
- Up to 20 hours battery life on two AA Alkaline batteries with the monochrome model; lithium back-up battery prevents data loss during main battery replacement.
Note: Battery life will vary based on an estimated typical use pattern of an average user, the configuration of the computer and the usage pattern of the individual user. Use of some PC Cards may significantly decrease battery life.
- NiMH battery supports continuous use with recharge capabilities. Optional on some models
- Robust set of security features
- Protected by Compaq Services, including a one-year, mail-in Limited Warranty
Note: Certain restrictions and exclusions apply. Consult the Compaq Customer Support Center for details. In Canada, consult the Product Information Center at 1-800-567-1616 for details.

1. External Notification LED
2. External Charge (LED)
3. On/Off Buttons
4. AC Adapter
5. RS-232C Connector
6. Inverted "T" Cursor Keys
7. Stylus for Navigation and Input
8. Alarm/LED Notification Shut-Off
9. Reset Button (on bottom)
10. Memory Upgrade Slot (on bottom)
11. Backlight Button
12. Record Button
13. PC Card Eject Switch (front edge of the bottom)
14. One Type II PC Card Slot (on side)
15. Integrated 33.6 Modem with RJ-11 Connector
16. Lithium Back-up Battery (on bottom)
17. 2 AA Batteries or Rechargeable Battery Pack (on bottom)
18. IrDA-compatible IR Port (on back)
19. Microphone
20. Application Launch Keys
21. QWERTY Keyboard
22. Integrated Speaker

QUICK SPECS

Compaq C-Series

Standard Features

MODELS

Compaq
C-Series 810
314520-001

Compaq
C-Series 2010c
314550-002

Processor

High speed MIPS based RISC processor

Display/Graphics

Full-width STN LCD monochrome display (four grayscale) supporting up to 640 x 240

C-Series 810

Full-width color STN LCD display (256 color) supporting up to 640 x 240

C-Series 2010c

Backlight for choice of brightness settings and touch sensitivity for navigation in Windows CE via stylus

C-Series 810

C-Series 2010c

RAM

Standard 8 MB

Maximum 20 MB

C-Series 810

Standard 20 MB

Maximum 32 MB

C-Series 2010c

RAM

16-MB flash ROM

Unique Design

User-friendly design allows quick and easy opening from any position without complicated latches; integrated speaker provides clear messaging when open or closed; integrated microphone allows for voice notes in open or closed position.

Keyboard

Optimized keyboard with specially shaped and raised keys maximize typing ease and comfort; application launch keys provide direct access to applications, saving time and battery life.

Pointing Device

Stylus

Interfaces

Serial, IrDA IR, RJ-11

PC Card Slots

One Type II slot (for selected PC Card options)

Modem

Integrated 33.6 Kb/s modem provides the fastest and easiest access to e-mail, remote PC synchronization and Internet.

Security

Integrated Flash Memory, non-erasable encrypted password, Challenge/Response, Backup/Restore, Pocket Asset Management

Standard Features

Battery Life

Note: Battery life will vary based on an estimated typical use pattern of an average user, the configuration of the computer and the usage pattern of the individual user. Use of some PC Cards may significantly decrease battery life.

Up to 20 hours with standard AA Alkaline Battery

C-Series 810

Up to 3 hours with standard NiMH battery pack; up to 9 hours with the addition of the optional NiMH charger battery pack

C-Series 2010c

Power Management

Instant-On; User-Initiated Suspend; power conservation: one to five minute presets for auto suspend

Software

Microsoft Windows CE 2.0, Pocket Outlook, Pocket Internet Explorer, Pocket PowerPoint, Pocket Word, Pocket Excel, Compaq's Pocket Carbon Copy, River Run's Mail on the Run and Insync!, Bsquare's Bfax, Express, CIC's QuickNotes and Spell Check, Odyssey's Pocket BizCalc and Puma's IntelliMigrate

Docking

Convenience cradle (optional on some models)

Service and Support

Compaq Services provides a wide range of service offerings, including a one-year mail-in Limited Warranty, and toll-free 7 x 24 hardware technical phone support for Compaq products.

Note: Certain restrictions and exclusions apply. Consult the Compaq Customer Support Center for details. In Canada, consult the Product Information Center at 1-800-567-1616 for details.
