Big screen, big value, big software bonus.

The expansive color screen is a full 10.3". The DX2-50 processor is fast. The hard drive holds 260MB. Yet, EPSON's ActionNote 650 is easily affordable, giving you features found in much more expensive systems. Added to this is hundreds of dollars worth of free software, including ClarisWorks[®] for Windows[®], Borland[®] SideKick[®] for Windows and a choice of online services. With the latest versions of MS-DOS[®] and Windows pre-loaded as well.

The design is ergonomic, with a comfortable palmrest and integrated front and center trackball. A Type III PCMCIA slot lets you add storage or communications on the road, home or office.

You get all this with the trusted EPSON name behind it. In fact, when you compare the value to other notebooks in its class, EPSON's ActionNote 650 becomes the obvious choice.

Power and speed

Two models are available, both with fast DX2-50 processors and local bus video

- **ActionNote 650C:** Large 10.3" dual scan passive matrix LCD
- **ActionNote 650:** 9.4" Monochrome high contrast LCD

High end features include:

- Two Type II slots stacked or one Type III PCMCIA slot with preloaded services and utilities
- Built-in ergonomic front and center trackball has extra comfortable palmrest

Free pre-loaded software

- Latest versions of MS-DOS and Windows
- ClarisWorks for Windows
- Borland SideKick for Windows
- CompuServe[®], America Online[®], Prodigy[®]
- Official Airline Guide FlightDisk[®]
- PCMCIA Services and Utilities

Ample memory and storage

- 4MB RAM, expandable to 8MB, 12MB or 20MB
 - Built-in 1.44MB floppy drive
 - 260MB hard drive
- All giving you the memory and storage you need.

EPSON's Extra Care Road Service

One year limited warranty includes EPSON Extra Care[™] Road Service. Toll-free EPSON Connection[™] technical support hotline is also available to answer your questions.
