

:: THE ERGO MICROLITE

DELIVERING A BREAKTHROUGH IN AGILITY

PREPARE TO  
LAUNCH YOURSELF... INTO A NEW ERA  
OF **MOBILITY!**

**:: THE ERGO MICROLITE**

**TOTAL CONNECTIVITY,  
WITHOUT THE WIRES.**

Users of Ergo's new Microlite are riding on the crest of a wave thanks to an awesome combination of mobility and performance.

Whether surfing the net via wireless hotspots, editing digital videos or simply stranded on a beach for hours on end, the integration of Intel® Centrino™ mobile technology has prepared the new Microlite for any situation, with no strings attached.

We've used magnesium alloy to create a sleek yet immensely strong chassis. Twenty times stronger than standard plastic, but without the weight. And it's cool. Magnesium alloy acts as a heatsink which, coupled with its unique 'flux tunnel routing' technology, dissipates the heat so that you can enjoy unrivalled reliability, without getting hot under the collar. It's also remarkably quiet because the fan is hardly used, so the battery lasts longer. Brains as well as brawn.

But the new Microlite is all about putting you firmly in control. High resolution TFT screen, integrated Wi-Fi, external expansion and even the ability to burn your own DVDs.

All the functionality of a desktop PC combined with the ultra-portability of our lightest executive notebook.

**Service and Support.**

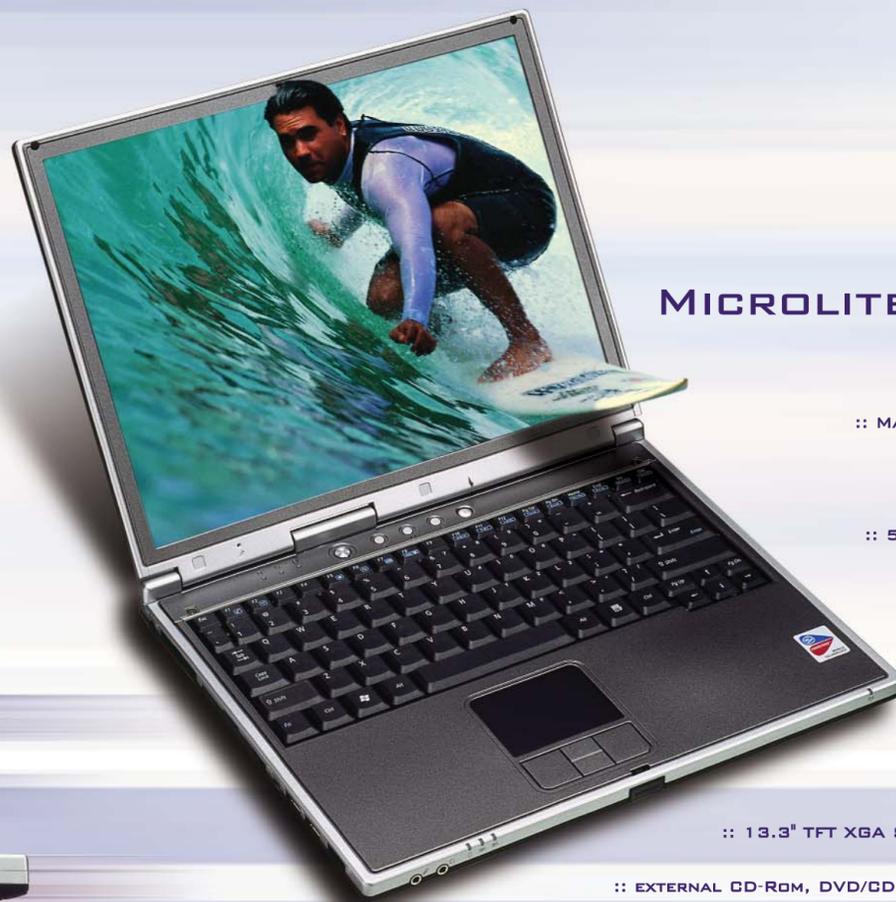

Whilst we have grown into the UK's largest specialist notebook manufacturer, it is our engineers who are the unsung heroes. They designed, assembled and programmed our production facility - now the most advanced of its kind in the UK. The same engineers are responsible for providing the technical support for our customers.

Instead of wasting money on advertising and PR, we have invested heavily within our technical infrastructure to ensure that we continue to provide the best technical support in the IT industry. The referrals speak for themselves: our customers are still our best salespeople.

PortBar III expansion provides additional ports - 1 x 10/100 RJ-45 LAN, 1 x EPP/ECP Parallel, 4 x USB (2.0), 1 x VGA (external monitor) & DC-in power (connects to notebook via PortBar II 68-pin connector). Dimensions 200mm x 160mm x 37mm.

# NO LIMITS!

## MICROLITE 2

:: MAGNESIUM ALLOY

:: LIGHTWEIGHT 1.9/2.29KG

:: 56K MODEM, 10/100 NETWORK & 400MBIT FIREWIRE

:: INTEGRATED 802.11B WIRELESS LAN

:: UP TO 3.5/6.5 HOURS BATTERY LIFE

:: 13.3" TFT XGA SCREEN

:: EXTERNAL CD-ROM, DVD/CD-RW COMBO OR DVD BURNER

## MICROLITE EXCEL

:: 14.1" TFT XGA SCREEN

:: INTERNAL CD-ROM, DVD/CD-RW COMBO OR DVD BURNER

SYSTEM	MICROLITE 2	MICROLITE XL
CASING	Magnesium Alloy Casing & Chassis (for slim, lightweight & robust notebooks)	
PROCESSOR	Intel® Centrino™ platform - Mobile Intel® Pentium® M 1.3GHz to 1.6GHz in µFCPGA socket	
ON-BOARD CACHE	1MB on-die L2 Burst Pipe Line	
MEMORY OPTIONS	256, 384, 640, 768MB (DDR266 DRAM modules)	
MAJOR CHIPSET	Intel® 855-GM	

## GRAPHICS

SCREEN TYPE	13.3" XGA TFT 14.1" XGA TFT	
GRAPHIC CHIPSET	Intel® 855-GM (Intel® Extreme Graphics) Supports 3D visual/texturing enhancements. Hardware DVD playback assist. Dual display of LCD and External monitor	
SCREEN RESOLUTION	1024x768 32Bit colours	
EXTERNAL MAX. RESOLUTION	1600 x 1200 at 32Bit colours.	

## STORAGE

REMOVABLE HARD DISK DRIVES	Ultra DMA 9.5mm Ranging from 20GB to 60GB	
HARD DISK INTERFACE	Enhanced IDE Ultra ATA DMA 100 Interface support	
CD-ROM	External CD-Rom or DVD/CD-RW combo or DVD Burner Internal CD-Rom or DVD-CD-RW combo or DVD Burner	
FLOPPY DISK	External (USB connected) Interchangeable with CD-Rom (or externally connected via PortBar connector)	

## PORTS/CONNECTIVITY

KEYBOARD	85-Key Tactile with Windows Keys, 2.5mm stroke (4 Hotkeys)	
POINTING DEVICE	Built-in Touchpad, 4 click buttons to support scroll up/down key	
PCMCIA	1 Type I/II	
USB PORTS	3 USB (2.0) 2 USB (2.0)	
PARALLEL	Connected via PortBar connector 1 x EPP/ECP Parallel port	
External CRT	1 x VGA (for external monitor)	
I/R (INFRARED) LINK	1 x FIR (InfraRed) link	
FAX/MODEM	Internal 56 Kbps v.90 Mini PCI Fax/Modem	
INTERNAL LAN	10/100 MBit PCI (with LED)	
FIREWIRE	Integrated 400MBit FireWire Port (IEEE1394)	
WIRELESS DEVICE	Integrated Intel® 802.11b wireless adapter (with LED indicator)	
PORTBAR III (optional)	Additional ports - 1 x 10/100 RJ-45 LAN, 1 x EPP/ECP Parallel, 4 x USB 2.0, 1 x VGA (external monitor) & DC-in power (connects to notebook via PortBar II 68-pin connector). Dimensions 200mm x 160mm x 37mm	

## MULTI-MEDIA

SOUND SYSTEM	Full duplex AC'97 audio with 3D effect	
SPEAKERS	Built-in Speaker & Microphone	

## POWER

POWER ADAPTER	100 - 240V AC Adapter	
BATTERY TYPE	Lithium Ion (6-cell, 3600 mAh, 40Wh) Lithium Ion (8-cell, 4000mAh, 59.2Wh)	
BATTERY LIFE	up to 3.5 hours up to 6.5 hours (continuous use)	
CHARGING TIME	2 hours/3.5 hours (system off/on), fast charging technology 2.5 hours/4 hours (system off/on), fast charging technology	

## DIMENSIONS

NOTEBOOK	296mm (w) x 240mm (d) x 21mm (h) front - 27mm (h) rear 306mm (w) x 246mm (d) x 22mm (h) front - 36mm (h) rear	
WEIGHT WITH BATTERY	1.9 KG 2.29 KG (including CD-Rom, DVD/CD-RW, etc)	

## SECURITY

Kensington Lock, BIOS setup, Power-on, HDD user password protection
---

## POWER MANAGEMENT

ACPI 2.0, full feature SMI power management, Stand-by, Suspend to Disk (excl. Win 98), Suspend to RAM
---

## POWER ENVIRONMENT

Operational	5°C to 35°C, Shock 2G 10ms duration	
Storage	-20°C to 65°C	
Compliance	CE, cUL, TUV, CCIB, FCC Class B, CTR 21	

## WARRANTY & SUPPORT

### ERGO'S STANDARD WARRANTY AND SUPPORT POLICY

Warranty and support, is for Ergo, a central part of the supply and support of all our notebook sales. Because of this philosophy we offer, as standard, the most comprehensive warranty package in the industry.

### ERGO'S 12 MONTH FREE WARRANTY ON ALL NOTEBOOKS

Should your machine fail within the first year, we provide a free collect and return repair service. We also guarantee to either return the computer back to you within 6 working days from the date of arrival at Ergo, or should this not be possible, at your request, supply you with a free loan computer with our compliments. If you would like to extend your warranty to 3 years this is possible for a single payment of £160. If you wish you may upgrade the response time to 24 hours back at Ergo for an additional £120 for 3 years cover.

### ERGO'S NEXT DAY LOANER

If waiting a few days to get your Notebook repaired is out of the question then, for 8% of the purchase price, per annum, we offer for up to 5 years, a next day loaner plan whereby, assuming you telephone before 3.00pm Monday to Friday, we can get you a replacement loan computer by 10:00am the next morning. Because every Notebook has a removable hard disk, all you do is unplug it from your old computer and you are up and running. We also offer a world-wide loaner package where we air courier computers around the globe (price on application).

### ERGO'S CORPORATE ACCOUNT 3 YEAR FREE

#### 24 HOUR SERVICE PLAN

If you are a corporate account that has 5 or more Ergo notebooks on one site, we guarantee in the first 3 years to either repair your Notebook in 24 hours, or send you a free loan machine. OK, you might have some service costs after the end of your normal 12 month free warranty period, but you won't have any staff twiddling their thumbs for days on end while your supposedly free warranty is completed.

### ERGO'S FREE LIFETIME TECHNICAL SUPPORT DESK

Less than a third of our technical support calls result in returned equipment, as the majority of faults tend to be complex configuration problems that our Technical Help Desk can resolve. Contrary to the modern trend, our Help Desk is free and extends for the full life of the Notebook.

### ERGO'S 5 YEAR SPARES AVAILABILITY WARRANTY

We are the first manufacturer to offer, as standard, a 5 year spare parts availability guarantee. So, if like one of our customers you drop your Notebook out of a Taxi window we will have the parts to rebuild it from the remains. (Yes the Taxi was moving at the time)

### ERGO'S ON SITE WARRANTY

A number of our clients have on site warranty, but the next day loaner program provides you with a far better solution. It guarantees that you will be working by 10.00am the next day. If you require on site warranty we will be pleased to quote.

### ERGO'S MEMORY UPGRADE PROMISE

When upgrading the memory for a Notebook, all too often the old memory has to be thrown away because notebooks invariably have only one memory slot. Ergo's solution is simple. Within the first 12 months, when you upgrade, we will buy back any old memory at the same price per MB as you buy the new memory for. Your Notebook does not even have to come back to us, as memory upgrading is simple.

### ERGO'S SOFTWARE COMPATIBILITY GUARANTEE

Should you within the first month of purchasing your notebook have software that you find you cannot run, we will provide a service free of charge to get your software up and working. If after 14 days we have not solved the problem we will offer you a full refund and still continue to work on the problem. Note that this applies to all applications running under Windows 98, 2000 & XP.

### WHAT IS NOT COVERED

With Ergo what we don't do for free is also up front. We are not able to offer extended warranty on batteries as these are a consumable item nor does our warranty extend to accidental damage, theft, or any consequential damages.

Given that a large proportion of system failures result from software configuration or corruption errors Ergo offers a chargeable software reconfiguration and data recovery service. For those clients with adequate backup we charge a fixed £60 plus carriage to reinstall the operating system and any application software originally purchased from us. Note that for this fixed fee you will lose all your data and other application software. Beyond this we can offer alternative bespoke solutions ensuring as far as possible that your machine is returned with all of its data intact and fully working.

Clients with our 3 year Corporate warranty or clients purchasing any of our fast response services must appreciate that any repairs are chargeable after the first year. (This is avoidable with our Extended Warranty Option at £160 for 3 years).
