## Widescreen power...

With about 25 per cent more viewing area than a standard display, the widescreen format of the Vista 411/2 is the finishing touch to a laptop designed for those who wish to make the most of their machine's multimedia powers. That high definition 15.4" widescreen display, a choice of fast graphics, and high-level specification make the Vista 411/2 ideal for handling multiple windows and manipulating digital still or video images and many-columned spreadsheets. It also means that viewing 16:9 widescreen movies is a full-screen pleasure – DVD movie fans will love the Vista 411/2. And while the performance of the Vista 411 is impressive, the ATI Radeon X1600 video controller of the 412 adds even more spice to the mix.

### Ergo Vista 411/412 technical information

<b>Processor</b>	Up to: Intel® Core™ Duo Processor T2600 (2.16GHz, 2 MB L2 Cache, 667 MHz FSB)	<b>Ports and slots</b>	PCI Express 34/54 slot 5 x USB(2.0) 1 x VGA 1 x headphones-out 1 x microphone-in 1 x RJ11 for modem 1 x IEEE1394 ("Firewire") 1 x RJ45 for Ethernet 1 x TV-out 4-in-1 media card reader
<b>Operating system</b>	Tested with genuine Windows® XP Professional		
<b>Chipset</b>	Intel® 945GM		
<b>Graphics chipset</b>	(411) Intel® 945GM (412) ATI Radeon X1600		
<b>Memory options</b>	DDR2 533/667 DRAM 512MB—2048MB	<b>Connectivity</b>	56Kbps v.92 voice fax/modem 10/100/1000Mbit LAN
