EUROCOM 4200

Power on the go with fully upgradeable Intel® Pentium® III processor up to *1.26 GHz*, memory *up to 1 GB of SDRAM*, *32 MB of DDR video* and *up to 30 GB* Hard Drive. The all-in-one EUROCOM 4200 is the expert in graphics and action, supporting *133 MHz Front Side Bus* and integrated *56K V92 modem*, *10/100 LAN on board* and *IEEE1394 (FireWire port)*. It features four USB ports, Memory Stick and SD card slot and combines the latest in mobile computer technology with attractive design.

Display
14.1" XGA (1024x786) or 15.0" SXGA+ (1400x1050) Active Matrix

Processor
Intel® Celeron™ processor at 933 MHz
Intel® Pentium® III Mobile processor at 866, 933 MHz, and 1.0, 1.13, 1.20 GHz

Memory
up to 1 GB PC-133 SDRAM via two SODIMM sockets

Storage
Concurrent operation of:
- Up to 30 GB easy-changed Hard Drive
- 24x CD-ROM (Interchangeable with optional 8x DVD, CD-RW or COMBO drive)
- 3.5" Floppy Drive

Video & Graphics
32 MB of DDR SGRAM	ATI M6-P Radeon AGP 4x
Integrated 128-bit 2D/3D Graphics Accelerator	Dual-view display feature
Advanced H/W Acceleration for DVD Playback	
Fully DirectX 8 Compliant Graphics Engine	

Audio
S/PDIF Digital Output (5.1 CH)	16-bit audio w/FM synthesis
Built in 2 Stereo Speakers & 1 Microphone	AC 97 Compliant Interface
2 Audio jacks for Microphone -In/Speaker-Out	Compatible Sound Blaster PRO
3D stereo enhanced sound system	

Input Devices
Win 98 Multi-Language Keyboard with Embedded Numeric Keypad
3 hot keys for: email, www, applications
TouchPad

Interfaces

Ports
1x 15-pin CRT (External Monitor)	1x PS/2 (keyboard or mouse)
1x EPP/ECP Parallel	1x RJ-11 (network)
1x IrDA/FAST/ASK	1x RJ-45 (modem)
1x DC-In jack	1x IEEE 1394 (FireWire)
1x S/P DIF jack, supports optical fiber output	1x S-Video
1x MS port and 1x SD port	4x USB

PC Cards
32-bit CardBus Support	1x mini PCI slot for 802.11b
2x Type II or 1x Type III CardBus slot	

Communications
56K V.90 and V.92 compliant MDC Modem
10/100 LAN on board
802.11b Wireless internal LAN Module (optional via mini PCI slot)
Built-in antenna

Security
Security lock/cable slot, BIOS password

Power
External auto-switching (100V-240V) AC adapter
Buit-in backup battery supports hot swappable battery function
Up to 4-5 hours removable Smart Li-Ion Battery

Dimensions / Weight
14.5"x 15.1"x 6.8"
7.7 lbs. / 3.5 kg

Operating Systems
Windows® XP, Windows® Me, Windows® 98, Windows® 2000

Colour
Dual Tone - color palm rest and silver

Accessories

Standard
Carrying Case, Driver CD

Options
Deluxe Eurocom Targus® Carrying Case	Extra Smart Li-Ion Battery
2nd AC Adapter	S/PDIF output transfer cable
Car Adapter	56K v.90 Modem Cellular Ready
8x DVD-ROM w/software	SCSI PC Card
CD-RW w/Software	SCSI CardBus Card
Combo (DVD and CD-RW) w/Software	Wireless LAN Module
Air and Car Adapter by Targus®	USB-based Port Replicator
