

## HP COMPAQ 6715B NOTEBOOK PC

Extensive connectivity, 15.4" widescreen, AMD processors

HP recommends Windows Vista™ Business

### **Productivity just got smarter**

Packed with the latest AMD Mobile Technology, the HP Compaq 6715b Notebook PC offers extensive connectivity and enhanced security at an exceptional price. This highly reliable, thin and light notebook is equipped with a range of features, common image for corporate environments, and compatibility with HP Universal Accessories for the complete business solution.

### **Broaden your perspective**

Select the right 15.4-inch diagonal widescreen display that best suits your needs – either a WSXGA+WVA (wide viewing angle) with anti-glare display or a WXGA with your choice of an anti-glare display or HP BrightView display.

### **Technology in tune with your needs**

AMD Turion™ 64 X2<sup>2</sup> Dual-Core Mobile Technology with AMD PowerNow!™ technology delivers breakthrough dual-core performance, enhanced security, and longer battery life. Quickly store data and synchronize with different types of devices with the integrated Media Card Reader; while the optional DVD+/-RW SuperMulti DL LightScribe<sup>3</sup> Drive lets you burn custom labels directly to your disc.

### **Enjoy wireless in more places**

Whether you're across the street or across the country, HP Broadband Wireless<sup>4,12</sup>, WLAN<sup>6</sup>, and Bluetooth® technologies allows you to conveniently stay connected in more places.

### **HP Professional Innovations help you focus on your business**

*Built to protect.* Multi-layered, customizable security solutions help defend your network, your applications, and your data. The new Drive Encryption for HP ProtectTools encodes all information on the hard drive volume so it becomes unreadable to an unauthorized person.

*Built to simplify.* Boost your productivity while maximizing simplicity with features such as HP QuickLook<sup>13</sup>. Now you can quickly browse your email, calendars, and contact information with a touch of a button whether your PC is turned on or not.

*Built to last.* Reliable features such as HP DuraFinish and HP 3D DriveGuard so your notebook can go the distance.

1. Certain Windows Vista product features require advanced or additional hardware. See <http://www.microsoft.com/windowsvista/getready/hardwarereqs.mspx> and <http://www.microsoft.com/windowsvista/getready/capable.mspx> for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit [www.windowsvista.com/upgradeadvisor](http://www.windowsvista.com/upgradeadvisor). 2. This system requires a separately purchased 64-bit operating system and 64-bit software products to take advantage of the 64-bit processing capabilities of AMD Turion 64 X2 Dual-Core technology. Dual-core processing available with AMD Turion 64 X2 Dual-Core technology is recent technology innovation designed to improve performance of this system. Given the wide range of software applications available, performance of a system including a 64-bit operating system and a dual-core processor will vary. 3. Do not copy copyright protected materials. Intended for creation and storage of your original material and other lawful uses. Double Layer discs can store more data than single layer discs. Double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players. LightScribe creates a monochrome image. LightScribe media required and sold separately. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 GB Double Sided - Version 1.0 media. 4. Wireless use requires separately purchased service contract. Check with service provider for availability and coverage in your area. Available in select countries only. 5. The specifications for the 802.11n WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11n WLAN devices. 6. Wireless access point required and is not included. Availability of public wireless access points limited. Wireless Internet use requires separately purchased Internet service contract. 7. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 8GB (for XP) and 15GB (for Vista) of system disk is reserved for the system recovery software. 8. Shared video memory (UMA) uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by programs. 9. The term "10/100/1000" or "Gigabit" Ethernet indicates compliance with IEEE standard 802.3ab for Gigabit Ethernet, and does not connote actual operating speed of 1 Gb/sec. For high speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required. 10. HP Fast Charge recharges your primary battery up to 90% within 90 minutes when the system is off. HP Fast Charge does not apply to 9 cell primary and 12 cell Ultra Capacity batteries. 11. Sold separately or purchased as an optional feature. 12. Available 2Q'07 13. Windows Vista models only
