

HP Compaq Business Notebook nx5000

The HP Compaq nx5000 is a feature rich 15-inch optimized lightweight notebook designed to maximize productivity without compromising mobility at an affordable price. With weight starting at only 5.75 pounds, HP Compaq nx5000 delivers everything you would need away from your desk such as full-size screen 15-inch display, SD slot, full set of connectivity options and expansion while providing the flexibility you need for everyday changing work environment such as the flexible MultiBay drive bay that reduces travel weight, additional battery option for longer battery life & variety of optical drive options for different needs. By incorporating Intel's® Centrino™ mobile technology, HP Compaq nx5000 is able to deliver longer battery life up to 9 hours (with MultiBay battery) without having to hunt for a power outlet to recharge your battery and the convenience of mobility with integrated wireless LAN for easy access to the network. Built on a strong foundation of industry knowledge, the HP Compaq nx5000 provides more value with pre-installing hp printer drivers that help maximize the convenience of mobility for the truly mobile professionals in and around the office, at home or on the road.

Maximum Productivity

The HP nx5000 business notebook is designed to provide maximum productivity with a combination of proven and innovative technologies at an affordable price. You can achieve greater flexibility, ease of use and collaboration that you desire through features such as the versatile MultiBay drives, crisp and clear 15-inch displays, integrated Secure Digital (SD) flash memory slot, DVD+RW/R drive, & Pentium-M processors.

The HP Business Notebook nx5000 is easy to use, easy to share while maintaining the lightweight highly mobile form factor.

No compromise mobility

The HP Business Notebook nx5000 is the lightest 15-inch notebook in the HP line-up. Simply designed to maximize the freedom and convenience of mobile computing without sacrificing productivity. Optimizing Intel Centrino Mobile technology for thin & light design, wireless capabilities and longer battery life make this notebook the ideal choice for users who demand more. The HP Compaq nx5000 also offers a breadth of built-in communications aimed at increasing productivity, responsiveness and competitive advantage by making the right information available, at the right time.

Get more Service and Support with HP
