# HP Compaq Business Notebook nx7000 thin and wide

## Performance Widescreen Mobility – the nx7000

The HP Compaq Business Notebook nx7000 delivers high-performance technology and the freedom of mobile computing in a simple yet powerful package. The super-bright 15.4-inch widescreen display provides exceptional clarity and productivity while Intel's new Centrino™ mobile technology and large capacity hard drives deliver compelling features in a sleek, thin, lightweight design. Whether you are an IT manager or business owner considering a purchase, you will find the HP Compaq nx7000 conforms to our long-standing philosophy of delivering reliable, flexible, and simple products that are highly compatible with industry standards in a way that directly addresses your business needs.

**Widescreen productivity:** the HP Compaq nx7000 offers a stunning new 15.4-inch widescreen display with a 16:10 aspect ratio, high contrast, superior brightness, exceptional clarity, and broad viewing angles to enhance your business productivity.

- The large display provides incredible visibility and comfort in cases where you need extra screen real estate, such as viewing applications side-by-side, editing digital content, or watching full-screen DVD movies
- Extra-wide viewing angles provide a range of vision that is 33 percent greater than comparable notebook models, giving you desktop-like performance with the flexibility and convenience of a portable
- High resolutions (up to 1920x1200), an extra-bright 185-nit backlight, and other advanced features provide clear, true color for images and multimedia applications while enhancing the visibility of presentations, spreadsheets, and other routine business applications

**Top-of-the-line performance:** HP Compaq nx7000 is designed as a state-of-the-art business platform with enhanced system performance.

- ATI Mobility Radeon 7500 (32MB) or 9200 Graphics with (32 or 64 MB) of Double Data Rate (DDR) SDRAM provide impressive graphics performance.
- Large hard drives up to 80 GB @4200 rpm and 60 GB @5400 rpm provide quick access to data; choice of optical drives allows for easy CD or DVD recording and playback.
- JBL Pro speakers provide crystal-clear, dynamic audio for superior performance in multimedia applications.
- USB 2.0 and IEEE 1394 ports provide blazing fast connection to external devices at speeds up to 480 Mbps.

**Lightweight and optimized for wireless:** The thin, light HP Compaq nx7000 offers a range of wired and wireless capabilities with innovative Intel® Centrino™ technology for the ultimate in mobility and productivity.

- The unit weighs approximately 6.5 pounds and is only about 1.36-inch thin with improved thermal performance and thin-processor packaging to assist in creating a slim, stylish design.
- Powerful Intel Centrino mobile technology, combining 802.11b Wi-Fi technology with the Pentium M processor, is designed specifically to provide wireless connectivity and processing efficiency to mobile notebook platforms.
- Battery life of over 4 ½ hours.

Whether you are looking to increase business efficiencies or simply grow the business, the HP Compaq nx7000 is part of a simple, flexible, performance line of notebooks designed to deliver exceptional value.

## Specifications

|                                 |   |   |
|---------------------------------|---|---|
| <b>Processor</b>                | Intel® Pentium M processor (with Centrino™ technology)<br>1.6 GHz, 1.5GHz, 1.4GHz, or 1.3GHz, on Mobile Intel Pentium M processor with 400-MHz Front Side Bus and 512 KB L2 cache                             |   |
| <b>Memory</b>                   | 256 MB or 512 MB Synchronous DRAM, 2 GB maximum   |   |
| <b>Hard drive</b>               | 40, 60, and 80 GB with 4200 rpm and 60 GB with 5400 rpm   |   |
