

HP Compaq Business Notebook nx7000 Thin and Wide

Performance Widescreen Mobility – the new nx7000

Widescreen productivity – the HP Compaq nx7000 offers a stunning new 15.4 inch widescreen display with a 16:10 aspect ratio, high contrast, superior brightness, exceptional clarity, and broad viewing angles to enhance your business productivity.

- The large display provides incredible visibility and comfort of use when you need that extra screen area, such as viewing applications side-by-side, editing digital content, or watching full-screen DVD movies.
- Extra-wide viewing angles provide a range of vision that is 33 percent greater than comparable notebook models, giving you desktop-like performance with the flexibility and convenience of a portable.
- High resolutions (up to 1680x1050), an extra-bright 185-nit backlight, and other advanced features provide clear, true colour for images and multimedia applications while enhancing the visibility of presentations, spreadsheets, and other routine business applications.

Top-of-the-line performance – HP Compaq nx7000 is designed as a state-of-the-art business platform with enhanced system performance.

- ATI Mobility Radeon 9200 Graphics with (32 or 64 MB) of Double Data Rate (DDR) SDRAM provide impressive graphics performance.
- Large hard drives up to 60 GB @5400 rpm provide quick access to data; choice of optical drives allows for easy CD or DVD burning and playback.

- JBL Pro speakers provide crystal-clear, dynamic audio for superior performance in multimedia applications.
- USB 2.0 (three) and IEEE 1394 (one) ports provide ultra fast connections to external devices.

Lightweight and optimised for wireless – the thin, light HP Compaq nx7000 offers a range of wired and wireless capabilities with innovative Intel Centrino technology for the ultimate in mobility and productivity.

- The unit weighs approximately 2.95 kilograms and is only about 3.45-cm thin with improved thermal performance and thin-processor packaging to assist in creating a slim, stylish design.
- Powerful Intel Centrino mobile technology, combining 802.11b Wi-Fi technology with the Pentium M processor, is designed specifically to provide wireless connectivity and processing efficiency to mobile notebook platforms.
- Build your own Wireless Personal Area Network thanks to the integrated Bluetooth™ technology.
- Battery life of over 5 ½ hours to avoid inconvenient power losses when you're mobile.

Whether you are looking to increase business efficiencies or simply to grow the business, the HP Compaq nx7000 is part of a reliable, flexible, line of notebooks, with one year worldwide limited warranty, designed to deliver exceptional value.

"Growing businesses get more from the HP Compaq Business Notebook nx7000". Built on a strong foundation of industry knowledge, the HP Compaq Business Notebook nx7000 offers powerful proven technology at an exceptional price, combining advanced widescreen displays, Intel® Centrino™ wireless mobile technology, large capacity hard drives, and a thin sleek design to help your company stay light on its feet in a rapidly changing, fast-paced business environment.
