hp compaq business notebook nx9000

enhanced connectivity and autonomy for advanced mobile professionals

The HP Compaq Business Notebook nx9000 provides enhanced connectivity and autonomy for the advanced mobile professional. The integrated wireless LAN solution – 802.11b – gives you the freedom and convenience to work when and where you want. You can stay connected whether you are in the office or out on the road, without the need for cords and cables. The HP Compaq nx9000 packs all the features necessary for improved mobile productivity into a slim and sleek design that's easy to pick up and carry.

- **Autonomy and performance that facilitates productivity:** the HP Compaq nx9000 is for advanced mobile professionals looking for a truly mobile notebook with advanced power-management features to achieve better productivity for their growing business.
 - Take to the road with a slim and sleek notebook starting at just 2.95kg in weight
 - Maximise battery life when working out of the office with innovative Enhanced Intel® SpeedStep® technology
 - Use demanding applications with the powerful mobile Intel® Pentium® 4-M processor
 - Work with a bright 14- or 15-inch XGA display with 1024 x 768 resolution
 - Achieve impressive graphics performance with the award-winning integrated ATI® Radeon™ IGP graphics controller (4X AGP) – user-configurable with up to 64 MB of Double Data Rate (DDR) SDRAM
- **Enhanced connectivity for growing businesses:** the HP Compaq nx9000 is designed to keep you connected, whether you are in or out of the office.
 - A wide range of integrated connectivity features provide the ability to stay connected when working in the office or on the road: integrated wireless LAN (802.11b), LAN interface and 56K (V.92) modem
 - USB 2.0 and Firewire (IEEE 1394) provide faster connections to external devices such as hard drives and digital cameras – making sharing large files quick and simple
 - Benefit from the broad choice of expansion ports on this highly mobile notebook: parallel, serial, infrared, S-video out, VGA and two Type-II or one Type-III PC Card slots
 - Achieve mobility easily with the optional Port Replicator, which seamlessly connects your notebook to a broad range of peripherals
