

HP Compaq nx9420 Notebook PC

HP recommends Microsoft® Windows® XP Professional

Extreme Performance and Functionality -- 17-inch widescreen display, high performance discrete graphics, and full sized keyboard with integrated numeric keypad

The HP nx9420 Notebook PC is designed for power users looking for the most robust notebook in HP's Business Notebook line. It combines cutting-edge mobile computing technologies, high-end graphics, and excellent battery life into a thin and light package.

Performance on the move

- High-resolution 17-inch widescreen BrightView display with wide-viewing angle technology.
- New Intel® Core™ Duo⁷ processors allow simultaneous use of multiple applications so you accomplish more in less time.
- Large, fast hard drives let you store complex files, while the HP Mobile Data Protection System 3D helps protect data during normal use from shock and vibration while on the go.
- Powerful ATI Mobility Radeon x1600 graphics quickly render complex 3D drawings and presentations with stunning visual clarity and realism.

Power and connectivity on the go

- A variety of wired and wireless⁴ communication solutions help you stay connected.
- The HP Wireless Assistant provides power control and device status information allowing you to easily check your device and quickly enable or disable it to enhance battery life.

- Up to 4 hours of battery life using the primary system battery and up to 8 hours with optional HP Extended Life Battery^{6,8}. HP Fast Charge Technology⁹ allows you to quickly recharge your primary battery while you are working.

Desktop in motion

- The full-sized keyboard with separate numeric keypad delivers desktop equivalent familiarity and functionality.
- An integrated 7-in-1 media reader supports the most popular media card formats allowing you to quickly share data with different devices or other users.¹⁰

HP Professional Innovations

- Security – HP ProtectTools, an integrated suite of security solutions, helps protect your notebook, data, and network connections.
- Ease-of-use – Boost productivity with HP comfort-focused designs and innovative features that provide easy access to frequently used tools. Compatible with all of the notebook accessory solutions⁷ (docking stations, travel batteries, etc.) shared across HP's Business Notebook line.
- Reliability – HP delivers products built to perform and proven to last through expert engineering and dedication to quality.

HP Compaq nx9420 Notebook PC

HP recommends Microsoft® Windows® XP Professional

Operating system	Preinstalled Microsoft Windows XP Professional Edition SP2 Microsoft Windows XP Home Edition SP2 (select countries only)	Supported Microsoft Windows 2000 (drivers downloadable from http://www.hp.com)								
Processor⁷	Intel Core Duo Processor T2300† (1.67-GHz, 667 FSB, 2MB-L2 cache) Intel Core Duo Processor T2400† (1.83-GHz, 667 FSB, 2MB-L2 cache) Intel Core Duo Processor T2500† (2.0-GHz, 667 FSB, 2MB-L2 cache) Intel Core Duo Processor T2600† (2.17-GHz, 667 FSB, 2MB-L2 cache) †Intel's numbering is not a measurement of higher performance.									
Chipset	Mobile Intel 945PM Express Chipset with 667-MHz FSB									
Memory	DDR2 SDRAM, 533- or 667-MHz, two SODIMM slots supporting dual channel memory 11, 256/512/1024-MB upgradeable to 4096-MB maximum ¹									
Hard drive(s)¹³	9.5-mm SATA hard drives: 60/80/100-GB 5400 rpm, 80/100-GB 7200 rpm									
Removable media	12.7-mm optical drives: SuperMulti 12 Double Layer ² DVD+/-RW, Double Layer ² DVD+/-RW with LightScribe ³ , 24X DVD/CD-RW Combo, 8x DVD									
Display	17.0-inch WXGA+ (1440 x 900 resolution and 16M colors), 17.0-inch WSXGA+ wide-viewing angle (1680 x 1050 resolution and 16 M colors), 17.0-inch WSXGA+ Brightview wide-viewing angle (1680 x 1050 resolution and 16M colors), 17.0-inch WUXGA wide-viewing angle (1920 x 1200 resolution and 16M colors); ambient light sensor									
Graphics	ATI Mobility Radeon x1600 with 256MB of dedicated video memory									
Audio	PremierSound High Definition Audio support w/24-bit audio DAC, Digital EQ, Advanced audio power management, line out/headphone jack, microphone jack, integrated microphone									
Wireless⁴ support	Intel Pro/Wireless 3945ABG Network Connection, Broadcom 4311BG 802.11b/g WiFi Adapter, Broadcom 4311AG 802.11a/b/g WiFi Adapter, dual display mounted antennas, optional integrated Bluetooth ^{TM5,6}									
Communications	Broadcom Gigabit PCI Express Ethernet Controller ⁶ (10/100/1000 NIC), 56K modem, HP power down NIC technology									
PC Card slots	1 Type I/II PC Card slot supports 32-bit CardBus and 16-bit cards									
7-in-1 Media Reader¹⁰	Secure Digital, MultiMediaCard, Memory Stick, Memory Stick Pro, Memory Stick Duo, Smart Media and xD memory cards									
Ports and connectors	4 USB 2.0, VGA, audio in/out, power, RJ-11, RJ-45, S-video TV out, IEEE 1394a, docking, HP Travel Battery									
Keyboard	Full-sized keyboard with numeric keypad									
Pointing device	Touchpad with two pick buttons and scroll zone; optional ⁶ Fingerprint Reader configurable between Touchpad pick buttons

Expansion solutions⁶	HP Docking Station	HP Advanced Docking Station								
Warranty	One-year standard parts and labor warranty, depending on country (upgrades available ⁷), one-year warranty on primary battery									

1 Above 3-GB, all memory may not be available due to system resource requirements.

2 Double Layer discs can store more data than single layer discs. However, double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players

3 LightScribe creates a grayscale image similar to black and white photography. LightScribe media required and sold separately.

4 Wireless access point required and is not included. Availability of public wireless access points limited. Wireless Internet use requires separately purchased Internet service contract.

5 The term "10/100/1000" or "Gigabit" Ethernet indicates compliance with IEEE standard 802.3ab for Gigabit Ethernet, and does not connote actual operating speed of 1 Gb/sec. For high speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required.

6 Sold separately.

7. Dual Core is a new technology designed to improve performance of certain software products. Check with software provider to determine suitability. Not all customers or software applications will necessarily benefit from use of this technology

8. Battery life will vary depending on the product: model, configuration, loaded applications, features, & power management settings. The maximum capacity of the battery will decrease with time and usage.

9. Fast Charge Technology recharges a battery up to 90% within 90 minutes.

10. Memory Stick Duo Adapters are required and sold separately. Inserting a Memory Stick Duo Cards directly into your notebook can damage the memory card and/or notebook

11. Dual Channel is only supported when the system is configured with DDR2 symmetric memory (i.e. 2x256).

12. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 GB Double Sided – Version 1.0 media.

13. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 8GB of memory is reserved for system recovery software.
