## HP Pavilion dv5000 Notebook PC

### Overview

The HP Pavilion dv5000 Notebook PC puts the power and performance of a desktop PC in a sleek, affordable notebook perfect for home management. A versatile solution, the dv5000 is great for everyday tasks, including surfing the Net<sup>(1)</sup>, sending email and enjoying digital entertainment. With HP Quick Play and a 15.4-inch widescreen display with optional BrightView technology, the dv5000 delivers rich, lush color and dazzling high-definition<sup>(2)</sup> detail, making digital entertainment more enjoyable. Featuring powerful AMD processors and the latest wireless<sup>(3)</sup> technology, the dv5000 offers a robust solution for the growing family.

### Key features and benefits

- Optimized for mobile performance with AMD Turion 64 or AMD Sempron™ processors, the dv5000 includes PowerNow! Technology to increase battery life as well as built-in Enhanced Virus Protection<sup>(4)</sup> to protect from malicious viruses.
- For sharper 3D action video and graphics-intensive games, the dv5000 has available ATI RADEON™ XPRESS 200M Integrated Graphics Processor with up to 128MB dedicated frame buffer discrete video memory which is optimized to extend battery life.
- Experience the full potential of Microsoft's® Windows® XP Media Center Edition 2005 with the optional<sup>(5)</sup> HP ExpressCard TV Tuner which allows you to watch, record and pause live TV. The HP ExpressCard TV Tuner is available on select models and allows you to record your favorite TV shows and then watch them while you are on the go.
- With HP QuickPlay<sup>(6)</sup>, consumers can bypass the standard Windows boot-up process to watch movies or download<sup>(1)</sup> music in seconds and control it from up to 10 feet away with the optional<sup>(5)</sup> HP Remote which stores in the ExpressCard PC Card slot.

### Additional features

- The dv5000 includes a 6-in-1 media card reader on some models<sup>(7)</sup>, ExpressCard/54 slot for next generation PC Card expansion products and up to three USB 2.0 ports on select models to support the latest in consumer devices, files and digital media.
- Optional<sup>(5)</sup> HP Remote Control makes it easy to turn notebook into an entertainment center. Control CDs and DVDs like any other media player; video toggle function to view content between notebook panel and external display devices.

- Easily connect notebook to peripherals via the expansion port for the HP xb2000 Notebook Expansion Base<sup>(5)</sup> for a true desktop experience and HP xc2000 All-in-One Media Cable<sup>(5)</sup> for a one-step connection to home entertainment systems.

### **Technical specifications**

- 15.4-inch widescreen display for optimal viewing; optional BrightView technology
- ATI Radeon™ XPRESS 200M (HyperZ II Technology, SMARTSHADER pixel and 128 MB Framebuffer memory x16 DDR1) Graphics on available on select models
- Integrated wireless support<sup>(3)</sup> for 802.11 b/g, configurable 802.11 a/b/g and Bluetooth technologies on select models
- 6-in-1 media card reader on select models<sup>(7)</sup>
- IEEE1394 port and up to three USB 2.0 ports on select models
- ExpressCard 54 slot
- 6-cell standard and 12-cell battery available for additional battery life
- Powerful but portable: weight starting at 6.6 lbs<sup>(8)</sup> and as thin as 1.38-inch

### **Service and support**

- HP offers a one-year warranty for PCs as part of HP Total Care, the service and support program recently recognized by JD Power and Associates for consistently providing an “Outstanding Customer Service Experience.”<sup>(9)</sup> HP Total Care delivers real-time chat with support agents, as fast as one-hour email response and toll-free 24x7 technical support both in and out of warranty.

### **Pricing and availability**

- Estimated U.S. street price starting at \$749<sup>(10)</sup> before a \$50 rebate (rebate not available in Connecticut) depending on the configuration ordered.
- Expected to be available for purchase in early January direct from [www.hpshopping.com](http://www.hpshopping.com) or local retailers

<sup>(1)</sup> Internet access required and sold separately.

<sup>(2)</sup> High-definition content (e.g. WMV HD files) is required to view high-definition images. Most current DVDs do not provide high-definition images.

<sup>(3)</sup> Wireless access point required and is not included. Availability of public wireless access points limited. Wireless Internet use requires separately purchased Internet service contract.

<sup>(4)</sup> Enhanced Virus Protection (EVP) is only enabled by certain operating systems including the current versions of Microsoft Windows and Linux. Protection of the OS or applications may not be enabled by default. After properly installing the appropriate operating system release, users must enable the protection of their applications and associated files from buffer overrun attacks. Consult your OS documentation for information on enabling EVP. Contact your application software vendor for information regarding use of the application in conjunction with EVP. AMD and its partners strongly recommend that users continue to use third-party anti-virus software as part of their security strategy.

<sup>(5)</sup> Sold separately.

<sup>(6)</sup> Approximately 204MB of hard drive is dedicated for HP QuickPlay and will not be user accessible.

<sup>(7)</sup> Memory Stick Duo Cards and Memory Stick Duo Adapters are not supported. Inserting one of these cards or adapters into your notebook can damage the memory card, adapter and/or notebook

<sup>(8)</sup> Weight will vary by configuration.

<sup>(9)</sup> J.D. Power and Associates Certified Technology and Support Program<sup>SM</sup>, developed in conjunction with the Service & Support Professionals Association (SSPA). For more information, visit [www.jdpower.com](http://www.jdpower.com) or [the.sspa.com](http://the.sspa.com).

<sup>(10)</sup> Actual price may vary.
