# hp pavilion n5331

You need a notebook PC that offers the best technology. That's why HP created the Pavilion N5000 series. Top performance, Internetworking, multimedia, and instant access to your favourite applications - they're all built right in. What else would you expect from the company that understands customer requirements better than any other: HP. With new styling and features that make it even easier to use, the HP Pavilion N5000 series delivers, of course, the unmatched performance, value, reliability, and support that distinguish the entire HP Pavilion range.
