

VERSA FX

AT A GLANCE

- Travel-friendly size—3.4 lb., and 1.0" thin
- Full-size keyboard and display
- Mobile Pentium® III processor
- Up to 12GB² hard disk drive and 192MB SDRAM
- Internal V.90 modem and external drives included

You'll barely know you're carrying this notebook as you dash off to another meeting or trudge through airport corridors. But don't be fooled by the weight (3.4 lb.¹) and size (1.0" thin) of the NEC Versa FX.

Protected by a magnesium case, it packs all the punch on-the-go professionals are likely to need.

Full-size features in a light, sleek package.

Text is sharp, visuals crisp and colorful on the 12.1" active-matrix display. Data entry is quick and efficient, rather than a finger-cramping exercise, thanks to the full-size keyboard with 18.8mm keypitch.

Power is provided by a low-voltage mobile Pentium III processor at 500MHz or

400MHz. For increased performance select up to a 12GB² hard drive and 192MB of memory.

An external CD-ROM drive and 1.44MB³ diskette drive are included with your Versa FX as well as an internal V.90 modem.

To help keep you productive longer, the Standard Battery that comes with the Versa FX can be replaced with an Extended-Life Battery. Either one can be supplemented with a Maximum-Life Battery.

To find out how the Versa FX can lighten your load, call your NEC Computers Inc. sales representative, reseller or **1-888-632-8701**. For detailed, up-to-the-minute product information, visit our Web site at **nec-computers.com**.

NEC VERSA® FX SPECIFICATIONS

CONFIGURATIONS

Call your NEC Computers Inc. sales representative, reseller or 1-888-632-8701 about standard and, on large orders, custom configurations.

MOBILE PENTIUM® III PROCESSORS

Low-voltage 500MHz or 400MHz, 32KB internal cache, 256KB internal secondary cache, 32-bit PCI 2.2 bus and 64-bit CPU architecture

¹ Weight with Standard Battery and without external drives and AC adapter.

² When referring to hard drive capacity, GB stands for one billion bytes. Some utilities may indicate varying hard drive capacities. Total user-accessible capacity may vary depending on operating environments.

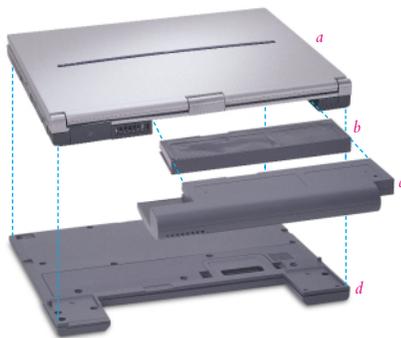

³ When referring to storage capacity, MB stands for one million bytes. Some utilities may indicate varying storage capacities. Total user-accessible capacity may vary depending on operating environments.

⁴ PartitionMagic Special Edition software differs from the full-featured version and does not include all program functionality or user manuals.

⁵ System hardware is year-2000 compliant. Year-2000 compliant is defined as successful completion of a test of system hardware using the NSTL YMARK2000 test. This test applies to hardware only (excluding options and accessories). This test does not include operating systems or software applications. If any NEC Computers Inc. hardware product listed as year-2000 compliant fails to pass the NSTL YMARK2000 test, such failure may be considered a hardware defect under the standard limited warranty applicable to such product, subject to the terms and conditions of such limited warranty. For more details go to www.nec-computers.com.

⁶ For a free copy of the limited warranty see a reseller where our products are sold or write to NEC Computers Inc., Attn: Warranty Dept., 2371 S. President's Dr., Suite A, West Valley City, UT 84120.

⁷ Optional USB PortBar required for use of this accessory.

a: Versa FX
b: Standard Battery (included)
c: Extended-Life Battery (optional)
d: Maximum-Life Battery (optional)
