

# VERSA FXi

## AT A GLANCE

- Travel-friendly size—3.4 lb.<sup>1</sup>, and 1.0" thin
- Full-size keyboard and display
- Pentium® III processor featuring Intel® SpeedStep™ technology
- Up to 20GB<sup>2</sup> hard disk drive and 192MB SDRAM
- Internal V.90 modem and external drives included

*Here's what Byte.com (December 18, 2000) said about the NEC Versa FXi:*

*"Its 12.1" LCD screen is the best we've seen on a portable (it's true page-white, not off-white, like most portables)."*

*"The FXi's CD and floppy are external (and unlike many machines in this class, are included as part of the package)."*

*"There are other units that have similar specs, but none pull the whole package off as neatly as the FXi."*

**Y**ou'll barely know you're carrying a notebook as you dash off to another meeting or trudge through airport corridors. But don't be fooled by the weight (3.4 lb.<sup>1</sup>) and size (1.0" thin) of the NEC Versa FXi.

Protected by a magnesium case, it packs all the punch on-the-go professionals are likely to need.

## Full-size features in a light, sleek package.

Text is sharp, visuals crisp and colorful on the 12.1" active-matrix display with XGA (1024 x 768) resolution. Data entry is quick and efficient, rather than a finger-cramping exercise, thanks to the full-size keyboard with 18.8mm keypitch.

Power is provided by a low-voltage mobile Pentium III processor at 600MHz featuring

Intel SpeedStep technology. For increased performance select up to a 20GB<sup>2</sup> hard drive and 192MB of memory.

An external CD-ROM drive and 1.44MB<sup>2</sup> diskette drive are included with the Versa FXi as well as an internal V.90 modem.

To help keep you productive longer, the Standard Battery that comes with the Versa FXi can be replaced with an Extended-Life Battery. Either one can be supplemented with a Maximum-Life Battery.

To find out how the Versa FXi can lighten your load, call your NEC Computers Inc. sales representative, reseller or **888-632-8701**. For detailed, up-to-the-minute product information, visit our Web site at **neccomp.com**.

# NEC VERSA® FXi SPECIFICATIONS

## CONFIGURATIONS

Call your NEC Computers Inc. sales representative, reseller or 888-632-8701 for information on standard and custom configurations.

## MOBILE PROCESSOR

Low-voltage Pentium® III processor at 600MHz featuring Intel® SpeedStep™ technology

32KB internal cache, 256KB internal secondary cache, 32-bit PCI 2.2 bus and 64-bit CPU architecture

## MEMORY

All models: 64MB SDRAM SODIMM at 100MHz on board, one slot for memory card

Preconfigured with 192MB (one 128MB Memory Card), 128MB (one 64MB Memory Card) or 64MB SDRAM SODIMM, each at 100MHz

User upgradeable up to 192MB SDRAM SODIMM<sup>1</sup>

## STORAGE

Internal 20GB<sup>2</sup>, 12GB<sup>2</sup>, 10GB<sup>2</sup> or 6GB<sup>2</sup> hard disk drive pre-installed

External 1.44MB<sup>2</sup> diskette drive (included)

External 24X maximum/12X minimum variable-speed CD-ROM drive (included)

## TFT COLOR DISPLAY

12.1", XGA (1024 x 768) resolution, up to 16.8 million colors, 4MB Silicon Motion® SM721 graphics accelerator

## INTERFACE PORTS

Mini parallel/1.44MB<sup>2</sup> diskette drive connector (includes dongle for conversion to full-size parallel), CD-ROM drive connector, external CRT VGA, infrared transmitter/receiver, three USB (universal serial bus), modem (RJ-11), stereo headphone out, microphone in, DC in, mini-LAN

## EXPANSION

One slide-in SODIMM memory card slot, two stacked PC Card slots, optional USB PortBar™

## PC CARD SLOTS

Two stacked slots for two Type II cards or one Type III, 32-bit PC CardBus architecture, Zoomed Video support in lower slot

## CONNECTIVITY

Internal V.90 modem

Internal RJ-11 modem jack with dongle for RJ-45 network jack

## FACTORY-INSTALLED OPERATING SYSTEM

Windows® 2000 Professional or Windows 98 Second Edition

## SOFTWARE

On a CD-ROM shipped with the notebook: Adobe® Acrobat® Reader, McAfee® VirusScan®, Microsoft® Internet Explorer 5.0, Netscape® Communicator 4.6, PartitionMagic® Special Edition<sup>4</sup>, Traveling Software LapLink® 7.5, software drivers for Windows NT® Workstation 4.0

## USER INTERFACE

Programmable VersaGlide™ touchpad and mouse buttons with drag-lock function, double-tap/tap-disable capabilities, IntelliMouse® emulation

Full-size 85-key low-profile keyboard, 12 function keys, Windows hot keys, inverted T arrow keys, full-size shift key, 2.5mm stroke, 18.8mm keypitch, palmrest

## DIMENSIONS AND WEIGHTS

10.6"W x 8.8"D x 1.0"H / 3.4 lb. with Standard Battery and without external drives, 4.6 lb. with Standard Battery and external drives

## AC ADAPTER

100-240 volts, 50/60 Hz, 45 watts maximum

## LITHIUM ION BATTERIES

3-cell Standard Battery (included), optional 6-cell Extended-Life Battery used in place of Standard Battery, optional 9-cell Maximum-Life Battery used with Standard or Extended-Life Battery

Each battery: low-power warnings, maintenance of optimum charging ability even if not fully discharged

## MAJOR COMPLIANCES

Microsoft WHQL (Windows Hardware Quality Lab) PC99 compliant for Windows 95/98/NT/2000, ACPI (Advanced Configuration and Power Interface), DMI 2.0 (Desktop Management Interface), Mini PCI, NSTL year-2000 certified<sup>5</sup>

## MULTIMEDIA SUPPORT

CD-ROM drive, Zoomed Video support, Silicon Motion SM721 graphics accelerator, Sound Blaster® Pro audio compatibility, Solo-1E™ PCI audio accelerator, two integrated stereo speakers, integrated stereo microphone, stereo headphone, volume control

## SECURITY FEATURES

Power-on password, low-battery warnings, anti-virus software, thermal monitoring, Kensington® lock slot

## LIMITED WARRANTY<sup>6</sup>

Three-year parts and labor limited warranty

Concurrent one year of UltraCare® Preferred service at no extra charge

Extended UltraCare service and screen assurance programs available

<sup>1</sup>Weight with Standard Battery and without external drives.

<sup>2</sup>When referring to storage capacity, GB stands for one billion bytes and MB stands for one million bytes. Some utilities may indicate varying storage capacities. Total user-accessible capacity may vary depending on operating environments.

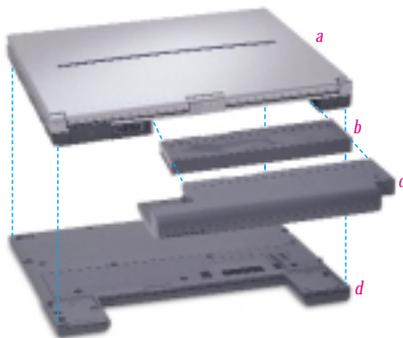

<sup>3</sup>If upgrading after initial purchase, one or more of the memory modules provided with the system may have to be replaced with optional larger memory modules in order to achieve the maximum capacity.

<sup>4</sup>PartitionMagic Special Edition software differs from the full-featured version and does not include all program functionality or user manuals.

<sup>5</sup>System hardware is year-2000 compliant. Year-2000 compliant is defined as successful completion of a test of system hardware using the NSTL YMARK2000 test. This test applies to hardware only (excluding options and accessories). This test does not include operating systems or software applications. If any NEC Computers Inc. hardware product listed as year-2000 compliant fails to pass the NSTL YMARK2000 test, such failure may be considered a hardware defect under the standard limited warranty applicable to such product, subject to the terms and conditions of such limited warranty. For more details go to [www.nec-computers.com](http://www.nec-computers.com).

<sup>6</sup>For a free copy of the limited warranty see a reseller where our products are sold or write to NEC Computers Inc., Attn: Warranty Dept., 2371 S. President's Dr., Suite A, West Valley City, UT 84120.

<sup>7</sup>Optional USB PortBar required for use of this accessory.

a: Versa FXi  
 b: Standard Battery (included)  
 c: Extended-Life Battery (optional)  
 d: Maximum-Life Battery (optional)
