

VERSA SX

AT A GLANCE

- Mobile Pentium® II processor 400MHz or 366MHz
- Panoramic 14.1" TFT display
- VersaBay™ III for plug-in computing tools
- Choice of docking solutions

Whether your business takes you around the world or just across the corporate campus, you can easily carry your office with you.

The NEC Versa SX is 1.3" thin and weighs a mere 4.8 lb. with its weight-saving module. But don't let its size fool you. The Versa SX is loaded with just about every notebook feature your itinerary could require and has polycarbonate reinforcement for durability.

It's powered by your choice of Pentium II processors (up to 400MHz). The panoramic active-matrix color display—14.1" with XGA resolution—will make you think you're using a desktop computer no matter where you are.

For ultimate versatility and to keep travel weight down, the NEC Versa SX is equipped with a VersaBay III slot. Swap any one of six storage and power computing tools via this modular bay, and pack only the devices you need for your globe-trotting.

The primary hard drive in this travel-friendly notebook is a generous 6GB! Choose up to 512MB (available Q1 2000) of user-upgradeable memory.

The NEC Versa SX is built to be a roadworthy survivor, but just in case something does go awry, your notebook is covered for three years by NEC's UltraCare Essential service.² You're also entitled to one year of UltraCare Preferred, which includes international coverage and door-to-door courier service, at no extra charge.

For those times when you're not on the road, choose a full-blown docking station or a convenient port replicator for your office. Like all the other accessories (except the primary batteries and hard drives), they're compatible with both NEC Versa SX and Versa LX notebooks.

To learn more about Versa notebooks please call your NEC Computers Inc. sales representative, reseller or 1-888-632-8701. For detailed, up-to-the-minute product information, visit our Web site at nec-computers.com.

**Your full-fledged,
4.8-lb. portable
office.**

NEC

NEC VERSA® SX SPECIFICATIONS

BASE CONFIGURATIONS (Call your NEC Computers Inc. sales representative, reseller or 1-888-632-8701 about custom configurations.)

Model	Order Code	Pentium® II Processor	XGA TFT Color Display	Memory	Hard Drive	ROM Drive	Operating System
NEC Versa SX	VS4E0A70-0000A0	400MHz	14.1"	64MB	6GB ¹	CD-ROM	Windows® 95
NEC Versa SX	VS4D0A70-0000A0	366MHz	14.1"	64MB	6GB ¹	CD-ROM	Windows 95

MOBILE PENTIUM® II PROCESSORS

400MHz or 366MHz
32KB internal cache, 256KB internal secondary cache, 32-bit PCI 2.1 bus and 64-bit CPU architecture

MEMORY

512MB (available Q1 2000), 256MB, 128MB or 64MB SDRAM SODIMM pre-installed in one of two memory card slots
User upgradeable up to 512MB (available Q1 2000) SDRAM SODIMM (two 256MB Memory Cards)²

STORAGE

User-removable SMART hard disk drives (HDD) that alert user to possible drive failure:

- 6GB¹ pre-installed
 - 12GB¹ maximum with 6GB¹ primary HDD and optional 6GB¹ HDD in VersaBay™ III slot
- Swappable drives via VersaBay III slot:
- Hot-swappable 1.44MB¹ diskette or SuperDisk™ 120MB¹ drive
 - Hot-swappable 24X maximum/12X minimum variable-speed CD-ROM drive or 6X maximum variable-speed DVD-ROM drive³ or (available Q1 2000) CD-RW drive (24X maximum/12X minimum read, 4X write)
 - 6GB¹ Hard Disk Drive with Cradle Pak

TFT COLOR DISPLAY

14.1", XGA (1024 x 768) resolution, 65,536 colors, 2MB integrated DRAM, Trident Cyber9388™ graphics accelerator, simultaneous display of external video and LCD

INTERFACE PORTS

Serial, enhanced parallel, external CRT VGA, PS/2®-style keyboard/mouse, infrared transmitter/receiver, USB (universal serial bus), connector for optional Versa Dock or PortBar™ MIDI/game through optional Versa Dock or PortBar interface, stereo headphone, stereo microphone, stereo line in

EXPANSION

Connector for optional Versa Dock or PortBar, VersaBay III slot, two slide-in SODIMM memory card slots, two PC Card slots, optional External Diskette Kit

VERSABAY III

Integrated side-loading bay accommodates:

- Hot-swappable 1.44MB¹ diskette or SuperDisk 120MB¹ drive
- Hot-swappable 24X maximum/12X minimum variable-speed CD-ROM drive or 6X maximum variable-speed DVD-ROM drive³ or (available Q1 2000) CD-RW drive (24X maximum/12X minimum read, 4X write)
- 6GB¹ Hard Disk Drive with Cradle Pak
- Warm-swappable VersaBay III Lithium Ion Battery

Weight-saving module (included) covers bay when VersaBay III device is not installed

PC CARD SLOTS

Two slots for two Type II cards or one Type III, 32-bit PC CardBus architecture, ZoomedVideo support in both slots

FACTORY-INSTALLED OPERATING SYSTEMS

Windows 95, Windows 98 or Windows NT® Workstation 4.0

SOFTWARE

Pre-installed: VersaBay III Swap
On a CD-ROM shipped with each notebook: Intellisync® for Notebooks, LANDesk® Client Manager 3.2, McAfee® VirusScan™, PartitionMagic® Special Edition, Microsoft® Internet Explorer, Netscape™ Communicator

USER INTERFACE

Programmable VersaGlide™ touchpad and mouse buttons with drag-lock function, double-tap/tap-disable capabilities, IntelliMouse® emulation
Full-size 83-key low-profile keyboard, 12 function keys, Windows hot keys, inverted T arrow keys, full-size shift key, 2.8mm stroke, palmrest

DIMENSIONS AND WEIGHTS

12.0"W x 9.9"D x 1.3"H
4.8 lb. with weight-saving module installed, 5.4 lb. with CD-ROM drive installed

AC ADAPTER

100-240 volts, 50/60 Hz, 60 watts maximum

LITHIUM ION BATTERIES

Primary battery (standard), VersaBay III secondary battery warm swappable in VersaBay III slot
Each battery: LED battery-life indicator, low-power warnings, SMART battery technology (maintenance of optimum charging ability even if not fully discharged)
Power management levels: Longest Battery Life, Highest Performance, Custom, Off

MAJOR COMPLIANCES

ACPI (Advanced Configuration and Power Interface), DMI 2.0 (Desktop Management Interface), Microsoft WHQL (Windows Hardware Quality Lab) PC97 compliant for Windows 95/98/NT, WfM 1.1A (Wired for Management), NSTL year-2000 certified, Windows 2000 ready

MULTIMEDIA SUPPORT

CD-ROM, CD-RW (available Q1 2000), DVD-ROM⁴ drives; ZoomedVideo support; Trident Cyber9388 graphics accelerator; Sound Blaster® Pro audio compatibility with 3-D spatializer technology; Maestro-2E™ PCI audio accelerator; two integrated stereo speakers; integrated stereo microphone; stereo headphone; stereo line in; volume control dial

SECURITY FEATURES

Power-on password, low-battery warnings, anti-virus software, SMART hard disk drive technology, thermal monitoring, Kensington® lock slot

LIMITED WARRANTY²

Three-year parts and labor limited warranty² (UltraCare™ Essential service)
Concurrent one year of UltraCare Preferred service at no extra charge
Extended UltraCare service and screen assurance programs available

SERVICE

For extended UltraCare service:
1-800-632-4525 or <http://support.necscsdeast.com/>

¹ When referring to hard drive capacity, GB stands for one billion bytes. Some utilities may indicate varying hard drive capacities. Total user-accessible capacity may vary depending on operating environments.

² For a free copy of the limited warranty see a reseller where our products are sold or write to NEC Computers Inc., Attn.: Warranty Dept., 2371 S. President's Dr., Suite A, West Valley City, UT 84120.

³ If upgrading after initial purchase, in order to achieve the maximum capacity, one or more of the memory modules provided with the system may have to be replaced with optional larger memory modules.

⁴ When referring to storage capacity, MB stands for one million bytes. Some utilities may indicate varying storage capacities. Total user-accessible capacity may vary depending on operating environments.

⁵ DVD Drive Accelerator PC Card (OP-270-69001-1) is required for DVD movie playback. DVD movie playback is not supported under Windows NT Workstation 4.0.

⁶ This software differs from the full-featured version and does not include all program functionality or user manuals.

⁷ System hardware is year-2000 compliant. Year-2000 compliant is defined as successful completion of a test of system hardware using the NSTL

YMARK2000 test. This test applies to hardware only (excluding options and accessories). This test does not include operating systems or software applications. If any NEC CSD hardware product listed as year-2000 compliant fails to pass the NSTL YMARK2000 test, such failure may be considered a hardware defect under the standard limited warranty applicable to such product, subject to the terms and conditions of such limited warranty. For more details go to www.nec-computers.com.

⁸ Compatible with new chassis models only. These models have "A" as the second-to-last character in the order code.
