

Build Your Own Road To Success

**Introducing the
VoyageNote-2000
Series**

- <Wide Choice of CPU and HDD>
- <Extra Large TFT Display>
- <Blazing Multimedia Performance>
- <Fully Flexible Modular Build>

Whatever your configuration requirements, the VoyageNote-2000 Series can deliver. Both Intel and AMD CPU's are supported with a choice of 2.5" and 3" HDD, along with either a 13.3" or an extra large 14.1" TFT display. And you won't be left standing with the S3 VIRGE VGA card with 4MB on board, and the YAMAHA audio chipset - expect blazing multimedia performance all the way. A fully flexible modular build allows the Voyage-2000 Series handle multiple batteries, HDD swaps and CD ROM/DVD interchangeability.

Processor

Intel P55C-MMX-166MHz/200MHz/233MHz (2.5V / 2.8V / 3.1V)

AMD K6 Mobile -MMX - 166MHz / 200MHz / 233MHz / 266MHz / 300MHz

Package : SPGA / PPGA / CPGA

Main Memory

2 Slot 3.3V 144 Pin / 64 bit Access SO-DIMM

Memory Standard Module

Memory Type : FPM / EDO / SDRAM RAM Module Support

Memory Configuration : 16MB/32MB/64MB up to 128Mbytes

Cache Memory

512Kbytes L2 Cache Memory Pipeline Burst SRAM Built-in

BIOS

256K Flash ROM BIOS Support

Support PnP (Plug and Play) Execution

Microsoft APM 1.2 Support

Doze Mode / Stand by Mode / Suspend to RAM / Suspend to Disk

Mass Storage

Hard Disk Drive

2.5" (inch) & 3.5" (inch) Type Support

12.7mm~19mm max. Height and removable HDD Support

PIO Mode 4 & Bus Master IDE Transfer Support "Ultra DMA / 33" Ready

CD-ROM

Driver disk With Floppy Disk Driver Disk Module (Exchange with Same Size 2nd Battery)

CD-ROM Driver Disk

Optional & Removable 20X full size CD-ROM

Reserve DVD ROM Specification - Option (Future)

Floppy Disk

Optional & Removable 3 Mode / 3.5" Floppy Disk

Reserve LS-120 Floppy Disk Specification - Option

Display

4MB Video SGRAM Memory Built-in

Support 12.1" SVGA DSTN & TFT / 13" DSTN

XGA Panel / 13.3" TFT XGA Panel / 14.1" XGA TFT Panel

LCD / External Monitor simultaneous

LCD Panel with 640X480, 800X600 Up To 1024X768

True Color Support

External Monitor Support up to 1024X768 TrueColor Mode

3D Graphics Hardware Accelerator Support

TV Out Function Support

Audio

YAMAHA OPL3-SA2 built-in

Hardware 3D Audio sound effect built-in

Master Sound Volume Hardware VR Control

16 bit Stereo Audio built-in

Sound Blaster Pro™ Compatible

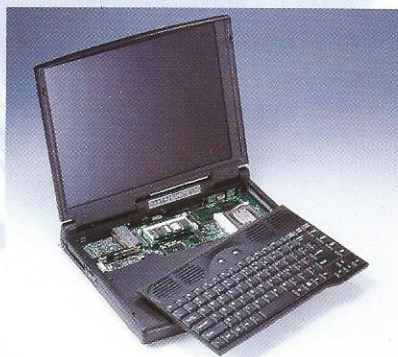

Built-in 2 Speaker

Built-in Microphone

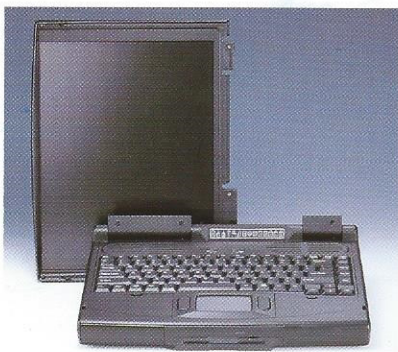

Built-in 3 RCA Jacks for Audio input, Audio out,

Microphone input

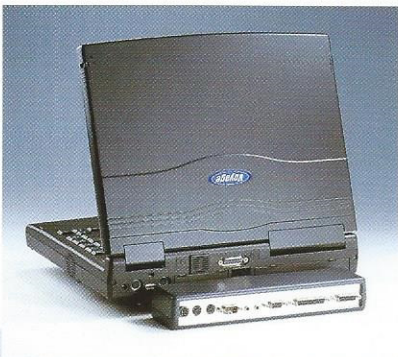

Software WaveTable Support

The detachable keyboard panel is easily removed to allow CPU and Memory access.

The screen panel is interchangeable allowing upgradability from DSTN and TFT.

The optional Port Replicator allows hassle free connectivity when back at base.

The VoyageNote-2000 Series offers an all-in-one feature with the CD ROM and FDD mounted together in the same bay.

Keyboard

A4 Size, 86Keys Microsoft Windows 95 membrane type keyboard with 12 function keys

86Keys Microsoft Windows 95 compliant for multiple language

89Keys OADG and Microsoft Windows 95 Compliant for Japanese Language (Option)

Integrated with hot-key functions for - LCD Contrast & Brightness control, and LCD/ External monitor switching.

PCMCIA

PCI Local Bus Specification Rev. 2.1 Compliant

1995 PC Card™ Standard Compliant

Support Two PC Card™ or Card Bus Slots With Hot Insertion and Removal

ZV Port Support

2 X Type II or 1 X Type III PCMCIA Card Support

Standard I/O Ports

IrDA V1.1 FIR/SIR Interface (HP IR Interface)

1 USB Port

1 UART 16550C 9 Pin Serial port

EPP/ECP/SPP 25 Pin Parallel Port

External CRT Port (DDC2B Support)

1 PS/2 Mouse or PS/2 Key Board Port

TV Out (S-Video)

Game & Midi Port

Port Replicator Connector

Kensington lock - Security Lock

Audio input Jack (Line Input)

Audio output Jack (Line Output)

Microphone input Jack

Sound Volume VR Control

Indicator

AC-in, Battery low/full, Battery in charge, CD in use, FDD in use, HDD in use, Suspend, Number lock, Caps lock, Scroll lock, Sleep Mode

Pointing Device

PS/2 Touch PAD Module Built-in

Battery

Support Duracell DR-36S NiMH or DR-202 Li-Ion

Battery compatible pack

Gas Gauge on Battery Pack

Integrated smart charger support

Support 2ND Battery (Same Size)

AC Adapter

50W/h, 90V ~ 264V full range and auto-sensing AC adapter

Dimension & Weight

324(W) X 258 (D) X 46(H) mm

7.0 lbs with Battery

Accessories

Software Diskette Driver

User's Manual

Carry Bag

Option

Car Adapter

Port Replicator

2ND Battery (NiMH or Li-Ion)
