- **1.62 billion byte hard disk**
- **210 x 115 x 34 mm, 850 grammes**
- **Full Windows® 95 functionality**
- **6.1" TFT colour screen**

Libretto

In Touch with Tomorrow

TOSHIBA

Take it from Toshiba. Our first Libretto proved that you could get a fully functional Windows® 95 notebook into a format measuring just 210 x 115 x 34. Now the new Libretto 70CT shows that this mini format can be even more big-hearted: it comes with a 120 MHz Pentium® processor with MMX™ technology and a 1.62 billion byte hard disk. What's more, there's a 6.1" TFT colour screen as well as all the options and quality you would expect from us. Your local Toshiba dealer will be only too pleased to demonstrate.

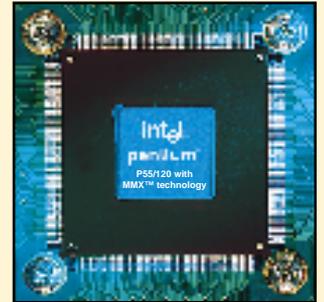

Big picture, small frame: so that you're always kept in the picture, the Libretto 70CT has a 6.1" TFT colour screen with 16.7 million brilliant colours.

Small body, loads of stamina: If you need to work without mains power for long periods take advantage of the second battery. This lifts the mains-free working time to 5 hours.

Small details, huge expansion: for even more flexibility there's a Mini Card Station and an additional PC Card slot.

Little footprint, big heart: the Libretto 70CT is powered by a new 120 MHz Pentium® processor with MMX™ technology.

Processor
Intel Pentium® processor with MMX™ technology, 120 MHz int./60 MHz ext., 2.2 volt core using Voltage Reduction Technology, 32 KB cache on chip

Memory
Standard 16 MB EDO RAM, expandable to 32 MB

Hard disk
1.62 billion byte capacity (1.58 GB)

Diskette drive
External: 3.5" 1.44 MB/720 KB

Display
6.1" TFT colour screen

Graphics adapter
SVGA-/VGA compatible, Local Bus, BitBIT 32-bit graphics accelerator

Internal video mode
640 x 480 x 16.7 mill. colours*

External video modes
640 x 480 x 16.7 mill. colours
800 x 600 x 65,536 colours
1024 x 768 x 256 colours
Up to 85 Hz refresh rate

Keyboard
82 keys with 12 function keys, 4 dedicated cursor keys, 2 Windows 95 keys

Sound system
16-bit stereo Sound Blaster Pro compatible, built-in speaker

Interfaces
