In Touch with Tomorrow
TOSHIBA

Take it from Toshiba. "More performance per cubic centimeter" – that's what we had in mind when developing our Portégé 320CT. And just how we fitted it out, too: 266 MHz Pentium[®] processor with MMX[™] technology, 4.1 billion byte hard disk, USB interface and 10.4" TFT colour screen in extra-wide format. At 1.7 kg, this lightweight, yet extremely heavy-duty notebook offers both the latest and the greatest in computer technology. Find out more from your nearest Toshiba reseller.

When you have big things in store: The optional CD-ROM dock lets you transform your notebook into a desktop – in seconds.

When you want even more options: Turn to your Port Replicator, the convenient and hassle-free way to hook up peripherals.

When you want to link to the world: Slots for PC Cards support communications without borders – thanks to a solution the size of a credit card.

When you want to go the wireless way: The infrared interface is the easy, cordless route for transferring data to peripherals.
