

The ultraportable high-performance line:

# The Portégé 3xxx series

- Attention-grabbing magnesium case in B5-format, 22 mm slim and 1.55 kg light
- Superb polysilicon TFT displays; all Pentium® III models feature Super Cooling Technology
- Mobile Intel® Pentium® III processors (also with Intel® SpeedStep™ technology) or Intel® Celeron™ processors
- Optional MultiMedia Port Replicator with SelectBay technology
- Integrated and globally compatible V. 90 data/fax modem

Choose freedom.

**TOSHIBA**

**Proof of Toshiba's commitment to mobility. No matter when and where you travel, the Portégé 3xxx models unlock that extra bit of time. Notebooks that are more than just a delight to the eye. Ultra-portable in B5-format, featuring a robust and elegant design. 1.55 kg light, 22 mm slim and equipped with the very latest features. Ranging from powerful Intel® processors to the superb polysilicon TFT colour displays. Contact your Toshiba dealer for more details of powerful mobile solutions.**

Toshiba recommends Windows® 2000 Professional for business.

Enhanced working environment: the responsive keyboard and superb polysilicon TFT display offer maximum comfort for hand and eye.

Well-connected: the integrated and globally compatible V.90 data/fax modem keeps you in touch via Internet or fax wherever you are in the world.

Freedom unlimited: the optional high-capacity battery pack provides up to 8.5 hours of mains-free computing.

The optional MultiMedia Port Replicator with SelectBay slot ensures a wide range of expansion options.
