

The essential take-away for busy professionals.

Take it from Toshiba. Question: you're travelling so light you have to choose between your lunch or a high-performance notebook. Answer: it's high time you got yourself a Portégé 620CT – the no-compromise ultra-notebook from Toshiba. On the outside slim and chic; yet inside it's pure power. That's why the Portégé 620CT is an indispensable travelling companion and, what's more, the big bright colour screen will even sharpen your appetite for work. Bon appetit!

In Touch with Tomorrow
TOSHIBA

Big screen, petite housing – makes images even easier on the eye.

Ergonomics come naturally thanks to the brilliantly designed keyboard and central MousePoint.

One-touch docking: the port replicator hooks up the Portégé 620CT to your office peripherals in a matter of seconds.

The PC Card slot is big enough for two PC Cards, giving you a wide range of connectivity options.

The mighty micro with a macro impact.

Travelling light can be quite a test. You have to be rid of that surplus ballast. You need the most concentrated power you can get – and that’s when you’ll realise what’s truly essential, the Portégé 620CT. This mighty micro weighs just 2,2 kg and measures just 251 x 48 x 201 mm, yet it’s got all the power and performance that you’d expect from a much more heavyweight machine. Its 100 MHz Intel Pentium® processor and 8 MB of EDO memory, expandable up to 40 MB, means this a real mobile workhorse. It’s got all the punch to cope with the most demanding applications, even multimedia. And its 1.35 billion byte hard disk offers the sort of capacity for data and software programs that you’d probably only expect from a desktop.

The 10.4” TFT colour screen with a resolution of 800 x 600 in up to 16.7 million colours ensures that you won’t miss out on a single detail. What’s more, we’ve fitted it with a lithium-ion battery which offers up to 5 hours in-use, without interruption. And when it’s time to power up, there’s a universal AC adaptor that can be used world-wide. The Port Replicator and PC Card slots open up a world of connectivity options. And, of course, we shouldn’t forget the 3-year international warranty, a guarantee that’s respected in more than 150 countries around the world (though we don’t expect you’ll ever need to use it!). So, the Portégé 620CT adds up to a very remarkable notebook PC, at an equally remarkable price: the best things do come in small packages, after all.

Product Specifications

Portégé 620CT

Processor

Intel Pentium® processor 100 MHz, 2.9-volt core technology, 16 KB cache on chip, integrated co-processor

Memory

Standard 8 MB EDO RAM, expandable to 40 MB (EDO RAM)

Hard disk

1.35 billion bytes capacity (13 ms average access time)

External diskette drive

3.5”, 1.44 MB/720 KB media type checking

Display

26.4 cm (10.4”) low-power active-matrix TFT colour LCD

Graphics adaptor

SVGA/VGA compatible, dual display mode, BitBIT graphics accelerator, 1 MB VRAM

Internal video modes

640 x 480 x up to 65,536 colours
800 x 600 x up to 65,536 colours

External video modes

640 x 480 x up to 16.7 million colours
800 x 600 x up to 65,536 colours
1024 x 768 x up to 256 colours
max. refresh rate 75 Hz

Keyboard

84 keys, integrated MousePoint, standard layout, 12 function keys, 8 dedicated cursor keys, inlaid numeric keypad, 8 hot keys

Interfaces

Serial, parallel, FDD port, combined 72 pin Port Replicator connector/RGB port (via video plug), microphone, headphone jack, Via optional port replicator: serial, parallel, FDD port, PS/2 mouse, PS/2 keyboard, 15 V DC-in, RGB port

Sound system

SoundBlaster Pro (v.3.01) compatible, built-in speaker and microphone, volume control

Expansion

2 x PC Card (PC Card /16) Type II (5 mm) or 1 x PC Card Type III (10.5 mm), memory expansion slot (SIMMS), port replicator connector

Power supply

Autosensing 100–240 V AC adaptor for world-wide usage

Battery

Removable lithium-ion battery up to 5 hrs battery life, recharge: 4 hrs off / 5–8 hrs on

Size

251 x 201 x 48 mm

Weight

2.2 kg (4.4 lb.)

Bundled Software

Windows 95® or Windows for Workgroups 3.11, PC Card Socket and Card Services, screen drivers, ESS Audio Applications, MousePoint driver, all pre-installed on the hard disk

Bundled hardware

External floppy disk drive, video plug

Special features

Toshiba AutoResume with AutoSave, MaxTime™ with Advanced Power Management, System Password, HotLock security, Kensington cable lock provision, Plug and Play, BIOS, 3-year-international warranty

Options

Port replicator, carrying case, extra battery packs, battery charger, 8, 16 and 32 MB memory modules, car adaptor, PC Card Ethernet adaptor, PC Card modem
