TOSHIBA

Take it from Toshiba. Naturally, the higher we go the more you get. This time it's the ultimate in ultra portables – the Portégé 7010CT. Total performance, minimal size, trend-setting design and a super-light weight. In other words: a 300 MHz Pentium® II processor, magnesium casing, just 25 mm average height, 12.1" TFT screen, large keyboard and a mere 1.85 kg in weight. The ultimate in the art of mobility. Only at your local Toshiba dealer.

New wave design: the new shape housing is made from magnesium and cuts an elegant figure. On the road or in the office.

New style format: despite all the technology inside it's just 25 mm thick (average). Side on, it looks just great.

New look options No. 1: expansion via DVD Network Dock that doesn't just limit you to DVDs – it runs CDs too.

New look options No. 2: the DVD Network Dock opens up Ethernet and Manageability functions just like a desktop.
