TOSHIBA

Take it from Toshiba. Welcome to the ultimate in high-end performance: the Portégé 7020CT, an ultraportable that leads the way in every respect. From design and technology through to size and weight – you get the best of everything: 366 MHz Pentium® II processor, 13.3" TFT screen and 6.5 billion byte hard disk. All secured in a durable magnesium casing, weighing under 2 kg and just over 2.5 cm high. You only get quality like this from the world market leader. And of course from your local Toshiba dealer.

Eye-catching: newly designed magnesium casing, it sets you straight for every trip.

Size is everything: at 25 mm thick the Portégé 7020CT is loaded with cutting-edge technology.

Perfect for expansion: for everyone who wants to play DVDs as well as CDs, there's the optional DVD Network Dock.

Secure Networking: the CD/DVD Network Dock has built-in Ethernet access and all the important manageability functions normally only available on desktops.
