

Uncompromising ultra-portables:

The Portégé 7xxx series

- Stylish and ultra-slim magnesium case in A4 format, weighing just 1.96 kg
- Intel® mobile Pentium® III processors featuring Intel® SpeedStep™ technology
- 13.3" TFT colour display and full-size keyboard
- Optional DVD Network Dock II with 3Com LAN chip
- Integrated and globally compatible V.90 data/fax modem

Choose freedom.

TOSHIBA

Further proof of Toshiba's commitment to greater mobility. The Portégé 7xxx series is a stunning combination of leading-edge design and high-end technology, micro-compacted for mobile freedom. Featuring Intel® mobile Pentium® III processors with Intel® SpeedStep™ technology and an integrated, globally compatible V.90 data/fax modem, rounded off with a TFT colour display for presentations to be remembered. All in an elegant magnesium case weighing in at just 1.96 kg. Contact your Toshiba dealer for more details of stylish mobile computing solutions.

Toshiba recommends Windows® 2000 Professional for business applications.

Eye-opener: the A4-size magnesium case with metallic-look display lid, 25 mm slim, weighing just 1.96 kg.

Opens up opportunities: the generous display and full-size keyboard make the Portégé 7xxx a pleasure to work with.

Secure network connectivity: the optional DVD Network Dock II with 3Com LAN chip allows numerous manageability options.

Expand your horizons: the optional DVD Network Dock II with its integrated 6-speed DVD-ROM drive is ready for all the latest media.
