

# The magic box – no strings attached.

**Take it from Toshiba.** There's no mystery about magic. With the new Satellite 200CDS or 200CDT it's as easy as „Hey Presto“ to turn yourself from sorcerer's apprentice into a real multimedia Merlin. Just open the amazing expanding-box and you'll hold your audiences spellbound with a 6-speed CD-ROM drive, large colour screen and pin-sharp, full-screen video. You'll just wait for the applause. And what's more, we've also got another surprise or two up our sleeves: a truly magical price-performance ratio and market-leading quality. For further tricks, just turn the page.

In Touch with Tomorrow  
**TOSHIBA**

Watch the magic on the fast 11.3" colour screen with 800 x 600 resolution.

CD-ROM drive or floppy-disk drive. Decide for yourself and swap between them in a flash.

The ultimate desktop solution: One-touch connection to all peripherals, even PC Card slots, with the optional Card Station.

Watch MPEG video in full-motion, full-screen. The ZV Port and optional MPEG Card make it possible.

### The Toshiba Magic Box.

With the Toshiba Satellite 200CDS or 200CDT you're certain to amaze your audiences. Because, quicker than you can say „Abracadabra“, even beginners can conjure startling multimedia programs on the super-wide 11.3-inch colour screen.

With a resolution of 800 x 600, 2 MB video controller and 64-bit graphics accelerator, you'll be able to experience full-screen video - in full-motion. And the 16-bit stereo sound card makes sure that you've got the soundtrack to match the pictures.

But it's the wickedly fast, 6-speed CD-ROM drive that's the stuff of real master magicians. It means you're not only fully equipped for the future, but you can play CD-ROMs, audio CDs

and photo CDs to perfection, right now. You can also swap over with the bundled floppy disk drive, all in an instant. System-hungry multimedia data no longer has to detour through the processor or even via a system bus, now it goes direct on to the screen with the wizardry of Zoomed Video. All you need is an optional MPEG card.

And like all magic boxes, this one is infinitely expandable - thanks to the Card Station. One-touch connectivity with all your office peripherals.

Now that's what we call magic. Even the price tag is spellbinding - just ask your nearest dealer (in the pointy hat!).

### Product Specifications

#### Processor

Intel Pentium processor, 100 MHz int./66 MHz ext., 2.9-volt core using Voltage Reduction Technology, 16 KB cache on chip

#### Memory

Standard 8 MB EDO RAM, expandable to 40 MB (EDO RAM)

#### Hard disk

200CDS: 810 mill. byte capacity (770 MB), 200CDT: 810 mill. byte capacity (770 MB) or 1.35 bill. byte capacity (1.29 GB)

#### Diskette drive

3.5" 1.44 MB/720 KB, media type checking, swappable with CD-ROM drive, can also be used externally

#### CD-ROM drive

6-speed, 12 cm (5.25") and 8 cm (3.5") disks, Data transfer: 1026 KB/s Average random access time: 190 ms

#### Display

200CDS: 11.3" DSTN colour screen  
200CDT: 11.3" TFT colour screen

#### Graphics adapter

SVGA-/VGA compatible, dual display mode, local bus, BitBIT graphics accelerator

#### Internal video modes

200CDS: 800 x 600 x 64K colours  
200CDT: 800 x 600 x 16.7 mill. colours  
Optimised colour adaption used for colour depths above screen capabilities.

#### External video modes

640 x 480 x 16.7 mill. colours  
800 x 600 x 16.7 mill. colours  
1024 x 768 x 64K colours  
1280 x 1024 x 256 colours  
Up to 85 Hz refresh rate

#### Keyboard

84 keys, integrated MousePoint, 12 function keys, 8 dedicated cursor keys, inlaid numeric keypad, 8 Hot Keys

#### Sound system

16-bit Sound Blaster Pro compatible, MIDI & WAVE support, Built-in speaker & microphone

#### Interfaces

Serial port, parallel port (ECP), ext. VGA monitor, PS/2 mouse or keyboard, ext. FDD, serial infrared port, audio in, headphone, ext. microphone, Card Station also provides MIDI/Joystick connector, ZV-port, serial, PS/2 mouse or keyboard, audio in, headphone, ext. microphone

#### Expansion

2 x PC Card Type II or  
1 x PC Card Type III,  
ZV card ready, memory expansion slot (SIMMs) with 8/16/32 MB, Card Station provides additional 2 x PC Card Type III slots

#### Integrated power supply

Autosensing 100-240 V AC adaptor for world-wide usage

#### Battery

Removable lithium-ion batteries, up to 3 hrs battery life

#### Size and Weight

299 x 235 x 55 mm (11.7" x 9.0" x 2.1"), 3.4 kg (7 lb)

#### Bundled software

Microsoft Windows®95 or other Microsoft operating systems (upon request), PCMCIA Socket and Card Services software, screen drivers, MousePoint driver, ESS Audio Applications, CD-ROM driver, TranXit serial infrared software, all pre-installed on the hard disk

#### Bundled hardware

Ext. diskette drive

#### Special features

Toshiba AutoResume with AutoSave, MaxTime™ with Advanced Power Management, HotLock, system password, Plug and Play BIOS, 1 year International Warranty

#### Options

Carrying case, Card Station, extra battery packs, battery charger, 8, 16 and 32 MB memory modules, PC Card Ethernet adapter, PC Card High Speed modem
