

The new Satellite 2590XDVD.

A more personal computer.

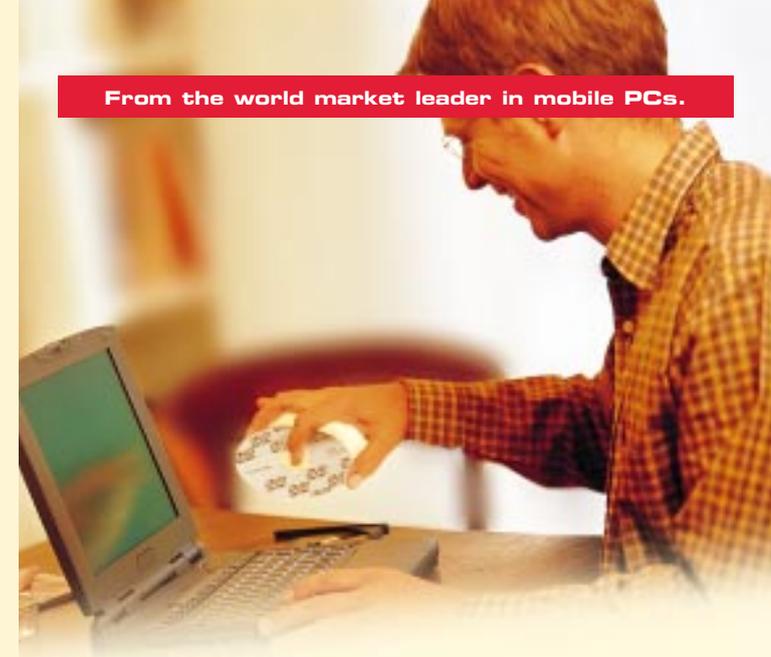

The dream of owning your own ultra-compact, ultra-portable and ultra-affordable high-end PC is now a reality: wake up to the Satellite 2590XDVD from Toshiba. A notebook with a specification that will satisfy even the most demanding of users: powerful 400 MHz Intel® Mobile Celeron™ processor, sumptuous 14.1" TFT colour display, integrated V.90 (56 Kbps) data and fax modem for fast, global communications, superb Toshiba Bass Enhanced Sound System, Easy Keys for fast access to the Internet or CD Player, as well as integrated diskette and DVD-ROM drives as standard. And all with the quality and reliability you'd expect from Toshiba. Because when a dream's this good, we want it to last.

New from Toshiba.
This time
it's personal.

Personal
details.

Ultimate entertainment: the integrated DVD-ROM drive opens up a whole new world of audio and visual experiences with this exciting new technology.

Couldn't be easier: special Easy Keys provide access to the Internet and CD player at the push of a button.

Always well connected: the integrated V.90 (56 Kbps) data/fax modem ensures reliable Internet and fax communications wherever you are in the world.

Sounds great: enjoy music, games and films to the full with the Toshiba Bass Enhanced Sound System.
