In Touch with Tomorrow

TOSHIBA

Take it from Toshiba. Introducing a new standard in price/performance for entry level notebooks – the Satellite 4080XCDT. It comes with an equipment package that others can only admire: 366 MHz Pentium® II processor, integrated diskette and 24-speed CD-ROM drive, 14.1″ TFT screen, 6.4 billion byte hard disk, built-in V.90 data and fax modem and Toshiba Bass Enhanced Loudspeaker system. All in a new design and at a great price – but as always only from your Toshiba dealer.

All the best: the super-fast 366 MHz Pentium® processor is matched by a huge 14.1″, brilliant TFT screen.

All you need: For a full range of expansion possibilities there's not only a Port Replicator but also the Spacer for connection to Card Station III.

All your world-wide communications: the standard built-in V.90 data and fax modem turns your notebook into a communications centre.

All clear, and everything correct: right from the beginning you have everything you need – there's not only a built-in diskette drive, but a CD-ROM drive too.
