- Integrated 6-speed DVD-ROM and diskette drives for maximum flexibility
- 12.0 GB* hard disk drive offers you an outstanding capacity
- Integrated V.90 modem for fast, reliable global communications

Satellite Pro

In Touch with Tomorrow
TOSHIBA

Take it from Toshiba. The Satellite Pro 4320 combines high-quality design with high-end technology, without the need for high finance. One thing that is bound to attract a high level of interest, though, is the specification: from the latest generation 600 MHz mobile Intel® Pentium® III processor with Intel® SpeedStep™ technology, to the integrated 6-speed DVD-ROM and diskette drives, 12 GB* hard disk drive, 14.1" TFT colour display, and 8 MB of Video RAM. All in all, high time you visited your local Toshiba dealer.

Processing power: the Satellite Pro 4320 comes with the latest Intel® Pentium® III processor featuring SpeedStep™ technology.

Sumptuous graphics: the 14.1" TFT colour display, 8 MB graphics adapter and integrated TV-Encoder ensure outstanding internal and external image quality.

Expand your horizons: turn your notebook into a desktop with the optional Port Replicator, Card Station III (via Spacer) and the new Card Station IV.

All the latest technology: with its integrated 6-speed DVD-ROM and diskette drives, the Satellite Pro 4320 is ready for the latest in multimedia.
