

# A Revolution in Power and Style.

**Take it from Toshiba.** Lighter and sleeker than a notebook, yet more powerful than most desktop PCs, the Portégé T3600CT has taken over as leader of the pack among mobile PCs. The only subnotebook to offer an 8.4" TFT colour screen, 250 MB hard disk and a 50 MHz Intel 486DX2 processor, the Portégé T3600CT combines great looks with savage computing power. You could say its slim-line style is just a cover up, for underneath there's real high-tech hardware. It's truly a revolution in power and style — with Toshiba quality guaranteed for three years throughout the world.

In Touch with Tomorrow  
**TOSHIBA**

8.4" TFT colour screen: 921.000 tiny transistors ensure a brilliant display

At the heart of the keyboard, an integrated MousePoint and mouse keys for ease and precision

Tap into your office hardware with the optional one-touch port replicator

PCMCIA opens up a window to a world full of boundless possibilities

## The Portégé T3600CT - a great little mover

The Portégé T3600CT weighs just under 2 kg. But don't let its size fool you - when it comes to power and performance it's the desktop PCs that look like real lightweights.

With an Intel 486DX2/50 processor, a capacious 250 MB hard disk and an 8.4" TFT colour screen with a fast local video bus, it literally eats up power-hungry software. And it also has all the capacity that's needed to make sure it can take whatever the future holds - a larger than life memory that starts at 8 MB and expands up to a remarkable 24 MB.

The standard Type II PCMCIA slot opens up an easy route to endless connections. With a PCMCIA modem, for instance, you can send and receive messages and faxes from around the world. And when you're back in the office,

a network card makes in-house communications and networking just as straightforward as it would be from a desktop. If you need to link up to external hardware, there's a port replicator option for one-touch connections to all your office peripherals.

The Portégé is also a great little mover, and it's built to be as tough as nails. The integrated MousePoint makes pointing and dragging easier than ever before and provides a convenient hand rest for fatigue-free typing.

Lithium-ion batteries give up to 4.5 hours of uninterrupted use when you're out on the road. So if you're looking for the ultimate in mobile computing, move on to Toshiba Portégé T3600CT - independence has never looked this good.

## Product Specifications

### Processor

5L Enhanced Intel 486DX2  
50 MHz, 3.3 volt technology,  
8 KB cache on chip,

### Memory

Standard 8 MB RAM, expandable  
to 24 MB

### Hard disk

250 MB hard disk  
(13 ms average access time)

### Diskette drive

External diskette drive (optional)

### Display

21 cm (8.4") low-power  
active-matrix TFT colour LCD

### Graphics adaptor

SVGA / VGA compatible,  
up to 1024 x 768 dot resolution,  
Vesa local bus with graphics accelerator,  
1 MB VRAM, dual display  
mode

### Internal video modes

640 x 480 x 256 colours  
from a palette of up to 262,144

### External video modes

640 x 480 x 256 colours  
800 x 600 x 256 colours  
1024 x 768 x 256 colours  
from a palette of up to 262,144

### Keyboard

84 keys, integrated  
MousePoint, standard layout,  
12 function keys, 8 dedicated  
cursor keys, inlaid numeric keypad,  
8 hot keys

### Interfaces

Serial, parallel, FDD port, combined  
72-pin Port Replicator connector /  
RGB port (via video plug)  
Via optional port replicator: serial,  
parallel, FDD port, PS/2 mouse,  
PS/2 keyboard, 15 V DC-in, RGB  
port

### Expansion

1 x PCMCIA 2.0 Type II (5mm),  
memory expansion slot (SIMMs),  
port replicator connector

### Power supply

Autosensing 100-240 V AC  
adaptor for world-wide usage

### Battery

Removable lithium-ion battery  
Up to 4.5 hrs battery life  
recharge: 3 hrs off / 8-10 hrs on

### Size

251 x 201 x 46 mm  
(9.8" x 7.9" x 1.8")

### Weight

2.0 kg ( 4.4 lb.)

### Bundled software

MS Windows for Workgroups 3.11,  
DOS 6.21, PCMCIA Socket and Card  
services, screen drivers, BitBIT  
graphics accelerator, mouse driver,  
all pre-installed on the hard disk

### Bundled hardware

Video plug

### Special features/services

Toshiba AutoResume with  
AutoSave, MaxTime™ with Ad-  
vanced Power Management, System  
Password, HotLock security,  
Kensington cable lock provision,  
3-Year International Warranty

### Options

Port Replicator, diskette drive,  
carrying case, extra battery packs,  
battery charger, 4, 8 and 16 MB  
memory modules, car adaptor  
Toshiba ExpressWriter 201
