**T4800CT and T4850CT notebooks from Toshiba.**

# A pair of notebooks that redefine the desktop.

**Take it from Toshiba.** If the only reason you've put up with a desktop this long is because you thought it was more powerful in the office – then think again. A new duo of notebooks from Toshiba, the T4800CT and T4850CT, break the desktop mould, both solo on the road and in the optional Desk Station in the office. Either way, the Intel DX4 processor and 500 MB hard disk provide a single solution to all your computing needs.

In Touch with Tomorrow

**TOSHIBA**

# T4800CT and T4850CT notebooks from Toshiba.

*The state-of-the-art in notebook displays: the 10.4" TFT screen on the T4850CT.*

*Jacks for a microphone and headphones complete the generous array of multimedia features.*

*Two PCMCIA slots provide for unlimited expandability – for modems, network cards and much more.*

*For complete desktop functionality in the office, just slot the notebook into the optional Desk Station.*

**The T4800CT and T4850CT notebooks, lightweight travellers turned office heavyweights.**

Out on the road, these notebooks have all the power you need – even for multimedia applications – with an Intel DX4 75 MHz processor running on the latest 3.3 volt technology. There's 8 MB RAM (expandable up to 40 MB*), a 500 MB hard disk that has an access time of just 12 ms, 16 KB of cache memory and an integrated sound system with built-in microphone. And when it comes to connecting up to other PCs or networks, you've got 2 PCMCIA slots as standard.

State-of-the-art TFT screen technology offers brilliant clarity. In fact each pixel on the screen has its own tiny transistor, creating reaction times that are so sharp you don't get ghosting or blurring, however rapidly you move the cursor. The T4800CT has a 9.5-inch screen and on the T4850CT, there's a 10.4-inch screen. With these bigger screens and high resolution you can bring the most detailed pictures to life.

And back in the office, one touch connection with the optional Desk Station links the notebook to all your peripherals, from printers, to external monitors, mouse and keyboard. The two ISA slots also ensure near limitless expansion opportunities. Finally, with DualBoot software, there's no need to reboot or re-configure your system every time you connect up. A one-touch connection and you're away.

The T4800CT and T4850CT notebooks – the versatile desktop replacements.

## Product Specifications

**Processor**
IntelDX4™, 75 MHz,
3.3 volt technology,
16 KB cache on chip,
built-in numeric coprocessor

**Memory**
Standard 8 MB RAM, expandable
to 40 MB*

**Hard disk**
500 MB hard disk

**Diskette drive**
3.5" 1.44 MB / 720 KB
media-type checking

**Display**
T4800CT: 9.5" active-matrix
TFT colour LCD, up to 256 colours
T4850CT: 10.4" active-matrix
TFT colour, LCD up to 65,536 colours

**Graphics adaptor**
SVGA/VGA compatible, dual display
mode, Local Video Bus, BitBIT
graphics accelerator
T4800CT: up to 256 colours simultaneously from 262,144 at 640 x 480
T4850CT: up to 65,536 colours
simultaneously at 640 x 480, colour
palette up to 231,424

**Internal video modes**
T4800CT: 640 x 480 x 256 colours
T4850CT: 640 x 480 x 65,536 colours

**External video modes**
640 x 480 x 256 colours,
(T4850CT: 65,536 colours)
800 x 600 x 256 colours,
1024 x 768 x 256 colours
from a palette of up to 262,144
(T4850CT: up to 231,424 colours)

**Keyboard**
84 keys, standard layout,
12 function keys, 8 dedicated cursor keys,
inlaid numeric keypad,
10 "hot keys"

**Interfaces**
Serial, parallel / FDD port, ext. VGA
monitor, PS/2 mouse, PS/2 keyboard,
150-pin connector for Desk Station IV,
ext. microphone jack, ext. headphones
jack

**Expansion**
1 x PCMCIA 2.0 Type II ,
1 x PCMCIA 2.0 Type III ,
• credit-card-format memory expansion,
Desk Station IV (option)

**Power supply**
Autosensing 100-240 V AC adaptor
for world-wide usage

**Battery**
Removable $NiH_2$ batteries
up to 3.5 hrs battery life
recharge: 1.5–2 hrs off / 2–4 hrs on

**Size**
297 x 210 x 56 mm (11.8" x 8.4" x 2.2")

**Weight**
3.2 kg (7 lb.)

**Bundled software**
MS Windows for Workgroups 3.11,
MS-DOS 6.2x, MS Windows Sound
System 2.0, PCMCIA Socket and Card
Services, screen drivers, all pre-installed
on the hard disk

**Bundled hardware**
MS Windows Sound System
on motherboard,
MS BallPoint® V 2.0 with QuickPort™

**Special features**
Microsoft Windows Sound System with
int. speaker and microphone, Toshiba
AutoResume with AutoSave, MaxTime™
with Advanced Power Management,
MultiSafe security system (T4800CT),
Kensington cable lock provision,
QuickRead™ LCD icons

**Options**
Carrying case, Desk Station IV,
extra battery packs, battery charger,
4, 8, 16 and 32 MB memory cards,
PCMCIA CryptCard, ext. FDD,
car adaptor
