

Connections that are the envy of every PC.

Take it from Toshiba. Sophisticated, smart and very well-connected, the new Satellite T2400 Series opens doors to a dazzling mix of high-end features at a price attractive to even the most value-minded professional. A spirited 50 MHz IntelDX2 processor, near limitless expansion and connectivity and a choice of brilliant STN or TFT colour screens just start the list of highlights. The Satellite even doubles as a mobile multimedia platform – if you want to communicate through sound and vision. And because a life on the road has its ups and downs, the Satellites are robustly built to stand the heat.

In Touch with Tomorrow
TOSHIBA

256 colours at your command, for super-fast, brilliant displays on either TFT or STN screens

Control at your fingertips: a full sized keyboard with an integrated MousePoint and mouse keys

The ultimate point of contact. Satellite comes with all the connectivity options of a high-end desktop PC

Smooth operator: the optional port replicator is a one-touch connection to all your office hardware

The Toshiba Satellite – get connected

Bad news for desktop PCs: the new Satellite T2400 Series from Toshiba has arrived. Near limitless connectivity and expansion options make it the perfect all-in-one PC. And while desktop PCs appear hopelessly frozen in time and space, the Satellite enjoys complete freedom and the best connections for future success.

The T2400 Series has two PCMCIA 2.0 slots as standard. These allow Satellite users to send and receive data from around the world with one slot, for instance, while using the other for an additional hard disk or Toshiba CryptCard security solution.

The Satellite T2400 Series also has the gift of sound and vision. Thanks to its built-in SCSI interface, it can connect to an external CD-ROM drive (not to mention the

wide range of other advanced devices). Add an optional sound card, and you've got a mobile multimedia machine par excellence.

The new Satellites come in two models: The T2400CT with 8 MB standard memory, a 320 MB hard disk drive and a brilliant 8.4" TFT colour screen; and the T2400CS with 4 MB memory, a 250 MB hard disk drive and an affordable 9.5" Advanced STN colour screen. Both can show 256 colours at 640 x 480 dot resolution on the internal screen and even higher resolutions on external display devices.

There's also a 50 MHz IntelDX2 processor for high-speed processing. And for super-fast graphics – so important if you're running Windows – there's a local video bus and graphics accelerator. So when you're ready for take off, take it from Toshiba.

Product Specifications

Processor

SL Enhanced Intel 486DX2, 50 MHz int./25 MHz ext., 3.3 volt technology, 8 KB cache on chip, built-in numeric coprocessor

Memory

T2400CS: standard 4 MB RAM, expandable to 20 MB
T2400CT: standard 8 MB RAM, expandable to 24 MB

Hard disk

T2400CS: 250 MB hard disk
T2400CT: 320 MB hard disk (less than 13 ms average access time)

Diskette drive

3.5" 1.44 MB / 720 KB media-type checking

Display

T2400CS: 24 cm (9.5") advanced STN colour LCD
T2400CT: 21 cm (8.4") low-power active-matrix TFT colour LCD

Graphics adaptor

SVGA/VGA compatible, up to 256 colours simultaneously from 262,144 (T2400CS: 4,096) at 640 x 480, dual display mode, Vesa local bus, BitBIT graphics accelerator

Internal video modes

640 x 480 x 256 colours

External video modes

640 x 480 x 256 colours,
800 x 600 x 256 colours,
1024 x 768 x 256 colours
from a palette of up to 262,144 colours

Keyboard

84 keys, integrated MousePoint, standard layout, 12 function keys, 8 dedicated cursor keys, inlaid numeric keypad, 8 hot keys

Interfaces

Serial port, parallel port, ext. VGA monitor, PS/2 mouse, PS/2 keyboard, SCSI 2, Via port replicator: above interfaces plus: audio-in jack, audio-out jack, MIDI/Joystick, DC-in

Expansion

1 x PCMCIA 2.0 Type II (5 mm), 1 x PCMCIA 2.0 Type III (up to 14.5 mm), memory expansion slot (SIMMs), sound slot, port replicator connector

Power supply

Autosensing 100-240 V AC adaptor for world-wide usage

Battery

Removable NiH₂ batteries, up to 3.5 hrs battery life recharge: 2.3 hrs off / 48 hrs on

Size

300 x 223 x 56.6 mm (11.8" x 8.3" x 2.2")

Weight

3.2 kg (7 lb.)

Bundled software

MS Windows for Workgroups 3.11, DOS 6.21, PCMCIA 2.0 Socket and Card Services, EZ-SCSI V3.0, screen drivers, MousePoint software, all preinstalled on the hard disk

Special features/services

Toshiba AutoResume with AutoSave, MaxTime™ with Advanced Power Management, HotLock, system password, 1-Year International Warranty, optional 3-Year International Warranty

Options

Carrying case, port replicator, extra battery packs, battery charger, 4, 8 and 16 MB memory modules, PCMCIA CryptCard, sound card (Sound Blaster Pro compatible), car adaptor, Toshiba ExpressWriter 201
