Notebook Computers and Accessories **Summer 1997**

"...A HIGH QUALITY NOTEBOOK GEARED FOR THE TRAVELING BUSINESS PROFESSIONAL."

— Laptop Buyers Guide, February 1997

WinBook has the buying power to offer you the price and quality you demand

WinBook Computer Corporation is the newest subsidiary of Micro Electronics, Inc. the retail computer department store giant. With projected sales topping $1.3 Billion in 1997, Micro Electronics, Inc. has the experience and buying power to offer high quality WinBook products and service at the lowest prices possible.

Knowledgeable sales reps will help you choose the WinBook system and accessories you need at prices you can afford. They are available for questions and to place orders Monday through Friday from 8am to 9pm and Saturday from 9am to 4pm EST.

Unique Features and Money-back Guarantee

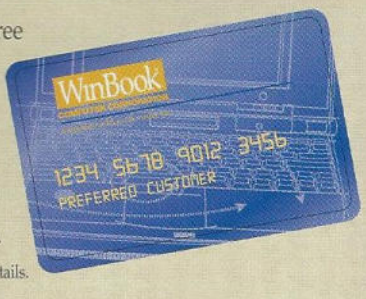
WinBook notebooks were specifically engineered to give notebook computer users a unique design, and special ergonomic qualities such as our extra-wide wrist rest. The interchangeable pointing devices are an exclusive feature of WinBook computers. The award-winning WinBook FX combines powerful processors with a 12.1" active matrix screen, 33.6 internal fax/modem, and a flexible, modular design.

All of our products come with a 30-day money-back guarantee. Notebook buyers enjoy a one-year limited warranty, on parts and labor and toll-free technical support for the life of the computer.

0% Interest, No Payments for 90 Days!*

It's easy to open your WinBook personal credit account. Call our toll-free number for an application, or simply apply over the phone at the time you place your order. And, you'll enjoy 90-days-same-as-cash on purchases totaling over $300.

You may also use your American Express Card, VISA, MasterCard, Discover Card, personal check or P.O. with credit approval. U.S. sales only. 30-day unconditional money-back guarantee from date of purchase.



* 90 days same-as-cash option requires $300 minimum purchase. Contact WinBook Computer Corp. for details.

WinBook FX — Cover award-winner for Laptop Buyer's Guide's "...Best Laptops that money can buy" — *Laptop Buyer's Guide, February 1997*

"...WinBook engineers did an outstanding job in designing this notebook..."*

Winning isn't everything, unless you're in the market for a laptop computer. Then you'll want the best money can buy. Thankfully, you can feel confident in your purchase of a WinBook. With over 32 awards from major magazines, including Laptop Buyer's Guide "Best Buy" front cover award; February 1997.

So don't take our word for it—find out what the experts have to say about WinBook computers in Laptop Buyer's Guide,...or PC Magazine, ...or PC World...

**Laptop Buyer's Guide, February 1997*

Front cover Award winner— WinBook FX

WinBook has won over 33 Awards from Major Computer Publications

At WinBook, we're dedicated to producing top-quality notebooks at a fair price. Our notebooks have been praised for their interchangeable pointing devices, long battery life and excellent key travel. Ultimately, we are known for producing high performance machines with plenty of hard drive space for a surprisingly low price. After a battery of benchmark tests, here's what the experts have to say;

"Our top Batterymark performer was the lithium-equipped WinBook FX: It clocked an impressive 3:52, nearly 1 hour more than its closest competitor." — *PC Magazine, January 1997*

"Our benchmark tests on the XP5 Pro indicated an excellent result of 34.1"

— Laptop Buyer's Guide, May 1997

WinBook XP5 Pro 16/1.4GB – Active Matrix 150MHz Pentium® Processor

If you're looking for a value-priced notebook, but don't think value should mean compromising on performance and features, take a closer look at the WinBook XP5 Pro.

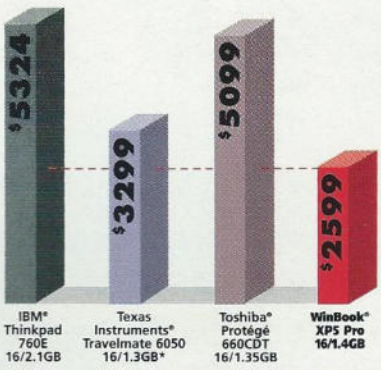
This a a hard-working business machine, ready to take on the toughest projects, with its powerful 150MHz Pentium® processor, standard 16MB RAM (user upgradable to 40MB), and 1.4GB hard drive. The display is presentation-quality—with active matrix brilliance and clarity.

The 39 watt lithium battery uses power-management technology, saving battery power for when most needed. If you need an extra long battery life, drop the optional 8-cell lithium-ion battery in the modular drive bay.

And, don't forget the WinBook XP5 Pro's long list of standard features; built-in 16-bit stereo sound, syncburst cache to further boost the XP5 Pro's processing performance, 32-bit PCI local-bus video, swappable 3.5" diskette drive and CD-ROM drive (both included), and all of the industry standard ports, plus a 2-way infrared port.

This light-weight package won't tie you down—the WinBook XP5 Pro weighs just 6.45 pounds with the diskette drive installed.

The *Laptop Buyer's Guide & Handbook's*, May 1997 notebook review sums up their recommendation of the WinBook XP5 Pro by stating, "If you're shopping on a budget for a full-featured, well-built notebook, we would certainly recommend placing the WinBook XP5 Pro at the top of your short list."



Prices quoted as of 4/2/97 for similarly equipped models with 150MHz Intel Pentium® processor, active matrix display, lithium ion battery, CD-ROM drive, and 28.8 fax/modem, from USA Flex for Toshiba, Business Technologies for IBM, Insight for Texas Instruments, and WinBook Computer Corp.

* Does not include CD-ROM drive

- 11.3" TFT Active Matrix color display
- Windows 95 installed
- 16MB EDO RAM expandable to 40MB RAM
- 1.4GB removable Hard Drive
- 256K SyncBurst L2 Cache

"The best budget-priced notebook we've tested" — *Windows Magazine, May 1997*

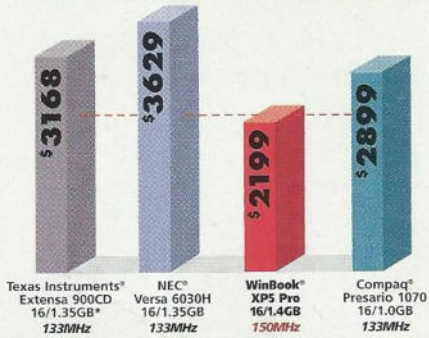
WinBook XP5 Pro 16/1.4GB 150MHz Pentium® Processor

If you're searching for a high-performance multimedia notebook that doesn't come with a high-end price tag, take a closer look at the WinBook XP5 Pro.

This heavy-duty performer has all the hard drive space you'll need—1.4GB, and 16MB of RAM expandable to 40MB, enough to run even the most memory-intensive applications. Plus, its modular design allows you to customize your computer; the 3.5" diskette drive is swappable with the included CD-ROM drive, or an optional 39 watt lithium battery, for extra long computing power.

- 12.1" Dual Scan color display
- Windows 95 installed
- 16MB EDO RAM expandable to 40MB RAM
- 1.4GB removable Hard Drive
- 256K SyncBurst L2Cache
- Options Bay accepts CD-ROM, 3.5" Floppy Drive (both included) or Optional 2nd 8-cell Lithium-Ion Battery
- 6.45 pounds
- 32-bit PCI Local-bus Video
- 39 Watt Lithium-ion Battery
- Two Type II or one Type III PCMCIA Slot
- Integrated dual-button pointing stick, Optional Dual-button Touchpad
- Parallel, Serial, PS/2, and one 2-way Infrared Port

Our 150MHz costs less than their 133MHz



Prices quoted as of 4/2/97 for similarly equipped models with 12.1* dual scan display, lithium-ion battery and CD-ROM drive, from USA Flex for Texas Instruments and NEC, WinBook Computer Corp., and PC Zone for Compaq.

* Does not include CD-ROM drive

- Add a dual-button touchpad — *See Page 17*

"Our top BatteryMark performer was the lithium-equipped WinBook FX...nearly 1 hour more than its closest competitor" — *PC Magazine, January 1997*

WinBook FX 48/3GB – 12.1" Active Matrix 166MHz MMX™ Pentium® Processor

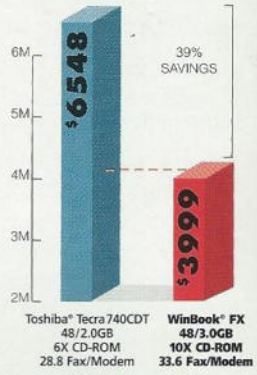
WinBook's latest model features the newest Intel processor, the 166MHz MMX Pentium chip. Designed with twice the internal cache, your overall processor efficiency is improved, allowing your applications to run much faster (up to 50% faster at the same clock speed). PC World calls the gains for MMX -based notebooks "spectacular".

Power users – Graphics – Multimedia

The MMX chip's 57 new instructions target certain operations, speeding up graphics handling, video, and audio. The WinBook FX is perfectly designed to handle these new capabilities. With its 12.1 inch active matrix screen, your graphics will appear sharp and with true-to-life color. Send and receive E-Mail fast, or surf the Internet with the 33.6 internal fax/modem. And with 48MB of RAM and a huge 3.0 GB hard drive there is plenty of room for all of your favorite programs and important documents. The WinBook FX can handle any job, anywhere.

Compare the WinBook FX MMX™ P166 with the Toshiba Tecra 740CDT MMX™ P166.

WinBook saves you over $2500!



Prices quoted over as of 4/2/97 for similarly equipped models with 166MHz Intel Pentium® processor with MMX technology, 12.1" active matrix display, fax/modem, lithium-ion battery and CD-ROM drive from WinBook Computer Corp., and USA Flex for Toshiba.

Run new MMX-Enhanced Applications

Software developers are using the new MMX technology to improve the speed of many graphic, multimedia and game programs. These new MMX-compliant applications are taking advantage of the MMX chip's new instructions — streamlining many complex functions to one single step. With the new WinBook FX—MMX you'll have access to some of the most amazing programs available.

- 12.1" SVGA Active Matrix color display
- Windows 95 installed
- 33.6 Internal Fax/Modem
- 3.0GB removable Hard Drive
- 48MB EDO RAM expandable to 80MB RAM
- 2MB Video RAM
- 32K Level 1 Cache
- 256K SyncBurst L2Cache
- Options Bay accepts 10X CD-ROM, 3.5" Floppy Drive (both included) or Optional 2nd 8-cell Lithium-Ion Battery
- 59 Watt, 12-cell Smart Lithium-ion Battery
- Integrated dual-button pointing stick, Optional Dual-button Touchpad
- Integrated Soundblaster Pro 16-bit Stereo Audio
- One Type II and one Type III PCMCIA Slot
- PCI Local-bus Graphics Accelerator
- Parallel, Serial, PS/2 Ports, Game Port and one 2-Way Infrared Port

WinBook offers "...a lot of bang for the buck: high quality, up-to-date features and refinements, and excellent service..." — *Portable Computing Shopper, February 1997*

WinBook FX 32/2.1GB – 12.1" Active Matrix 166MHz MMX™ Pentium® Processor

Recently featured in Laptop Buyer's Guides cover story "12 Best Laptops Money Can Buy", the WinBook FX is a "...well-designed, high-quality machine"* with a value-minded price.

Speed and battery life are the hottest issues when buying a notebook computer. The WinBook FX delivers with 32MB of EDO RAM, upgradable to 72MB, a blazing 166MHz MMX Pentium® Processor, and a huge 2.1GB hard drive, so there's plenty of space for creating and storing large documents. The FX is also equipped with a powerful 59 Watt lithium battery with power-management technology, for an amazingly long battery life. You'll also enjoy the speed of the included internal 33.6 fax/modem.

Finally, we added a CD-ROM drive and a PCI local-bus graphics accelerator, making the WinBook FX a very powerful and adaptive business tool.

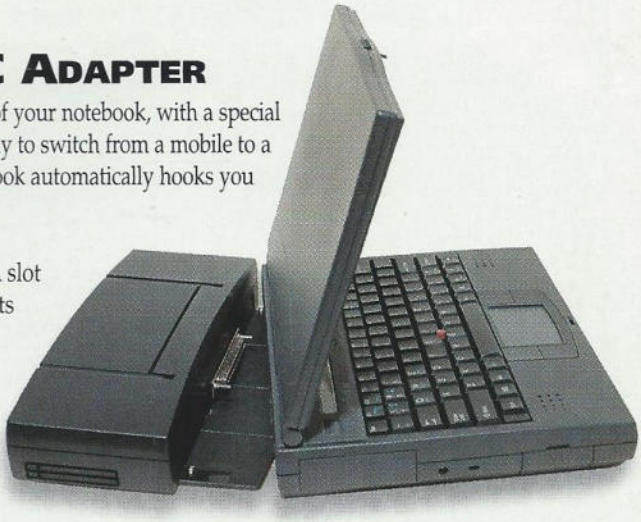
"The docking station really gives you the option of using the WinBook like a desktop computer" — *Micro Times, June 1996*

Mini-Dock with AC Adapter

The mini-dock easily attaches to the back of your notebook, with a special load and release mechanism. It's an easier way to switch from a mobile to a desktop environment — docking your WinBook automatically hooks you up to your favorite peripherals.

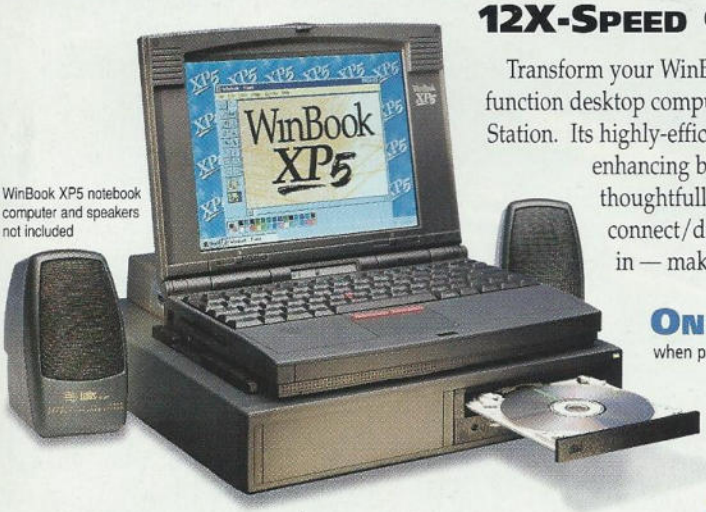
- PS/2 Mouse and Keyboard Ports
- One Type II and one Type III PCMCIA slot
- Parallel, Serial, Infrared and MIDI ports
- Connector for external SVGA Monitor



Only $15/Mo.
when purchased with your WinBook credit card

$259 for WinBook FX and WinBook XP5-Pro

WinBook XP Series Docking Station with 12X-Speed CD-ROM



WinBook XP5 notebook computer and speakers not included

Transform your WinBook XP Series notebook into a full-function desktop computer with the WinBook Docking Station. Its highly-efficient power supply requires no fan, enhancing both quietness and reliability. And its thoughtfully designed guide rails and quick connect/disconnect — with no cables to plug in — make docking your WinBook a snap!

Only $15/Mo.
when purchased with your WinBook credit card

$399 for WinBook XP Series notebooks

*Please specify the WinBook model when ordering**

* WinBook XP5 docking station shown. The XP/XPC docking station is similar. Units are not interchangeable.

Docking Station Bundle

- **12X CD-ROM Docking Station**
- **16-Bit Stereo Sound Card**
- **Stereo Speakers**

The WinBook XP5 docking station features lightning-fast 12X CD-ROM. Combined with outstanding sound, produced by the 16-bit sound card (on right) and stereo speakers*, this multimedia bundle allows you to combine both life-like video and sound.

Please specify the WinBook model when ordering

$469

Available only for WinBook XP5

* Non-magnetically shielded. Speaker should not be positioned less than 6" from a computer monitor for a prolonged length of time.

16-Bit Stereo Sound Card

Your applications will come to life with the addition of a state-of-the-art, 16-bit sound card. Sound Blaster® compatible.

$79.95

Available only for WinBook XP5

COMPUTING ON THE ROAD IS EASIER WITH WINBOOK CASES, FAX/MODEMS AND ADAPTERS.

Share information at blazing speeds with a 33.6 bps PCMCIA fax/modem.

Internal 14.4 Fax/Modem

The 14.4 bps internal fax/modem allows you the convenience of faxing right from your screen. Includes fax and data communications software, as well as a complete installation guide.

for WinBook XP Series notebooks **$49.95**

Car Adapter

Please specify model when ordering **$79.95**

AC Adapter (Spare)

Recharges your WinBook's battery while you work, using a stardard wall outlet.
